Re: Dental Assisting Council Application

Dear Dental Board of California,

I hope you will consider my application to serve on the Dental Assisting Council. Dental Assisting has been my chosen career since graduating high school. I have stayed with the same employer whose office is also part of the community I live in. I feel strongly about the benefits of a healthcare career and those we help in our field.

I also am an active community member and volunteer within my city and the surrounding areas. Many of my volunteer opportunities have to do with the health and wellbeing of our citizens. Because of the love for my profession I went back to school and earned my degrees in order to teach vocationally. I know firsthand what a wonderful job dental assisting can be and wanted to give back to my profession by turning out skilled dental assistants.

Since teaching I have become more involved in large scale volunteer events such as RAM, and CDA Cares. I take my students with me in order for them to get hands on experience but to also see the difference they can make in people's lives. I enjoy volunteering in various aspects of my life and I would be honored to volunteer on the Dental Assisting Council.

I hope you will consider me for the position. I would be happy to provide various references for you from the Dentists I work for as well as fellow faculty members upon request.

I look forward to hearing from you.

Sincerely,

A handwritten signature in cursive script that reads "Michele Jawad".

DENTAL BOARD
OF CALIFORNIA

To: Karen Fisher: Interim Executive Officer and Dental Board of California

This application and attached resume is pursuant for the Dental Assisting Council position. I am currently on the Dental Board of California's Dental Assisting council and I would like to continue my service as a member of the Dental Assisting council.

I am a dental assisting instructor for Pasadena City College. I teach in a majority of the dental assisting courses offered including: radiology, infection control, sealants, coronal polishing and RDA duties just to name a few. I have created and modified curriculum for many dental assisting courses. The unique experience I can provide to the Dental Board of California, include the practical application of procedures acquired during my seventeen years as a Registered Dental Assistant. During this field experience I have been fortunate to work in a variety of settings including: general dentistry, orthodontics and pedodontics.

For the past five years I have worked diligently to transition my career to the academic setting. I worked for five years as a full-time instructor at Everest College, which gave me the opportunity to see how a private school operates. In addition to working at Pasadena City College and Alhambra High school ROP, I also go into dental offices and teach the 8 hour infection control and the 2 hour Dental Practice Act. This has given me a unique opportunity to see how dental offices are complying with the infection control regulations. I believe my experience in all three academic settings: community college, private college and ROP gives me an advantage to understanding there diversity.

My educational background includes: A designated subjects teaching credential, BA in Business Administration, Master's degree in Education: curriculum and Instruction. My professional licenses include: RDA, OA, and CDA. I also currently serve on the Executive Board for CADAT.

I believe my seventeen years experience in the dental field and the year I served on the Dental Assisting council has provided me an insight needed to continue in this position.

Thank you for your consideration,

Denise Romero, RDA, OA, CDA, MA
