ROLL CALL AND ESTABLISHMENT OF QUORUM

Ms. Burton, chair, called the meeting to order at 9:30 a.m. Roll was called and a quorum was established.

LEG 1 – Approval of the November 4, 2010 Legislative and Regulatory Committee Meeting Minutes

M/S/C (McCormick/Le) to approve the November 4, 2010 Legislative and Regulatory Committee meeting minutes. The motion passed unanimously.

LEG 2 – 2011 Tentative Legislative Calendar – Information Only

The 2011 Tentative Legislative calendar was enclosed for informational purposes.

LEG 3 – Discussion and Possible Action on the Following Legislation:

Sarah Wallace, Legislative and Regulatory Analyst reported that after this meeting packet was put together, there were several new bills of interest to the board that were just introduced which she has included in the handout.

• **AB 28 (Huber) – State agencies: repeals**

This bill will establish repeal dates for various agencies that would be eligible for review by the Joint Sunset Review Committee. At this time, this bill does not directly affect the Dental Board of California. M/S/C (Burton/Forsythe) to "Watch" this bill. The motion passed unanimously.

- **AB 127 (Logue) - Regulations: effective date**

This bill would require that a regulation or an order of appeal of a regulation become effective on January 1 next following a 90-day period after the date it is filed with the Secretary of State, except as provided, instead of the current 30th day after it is filed with the secretary of State, except as provided. Richard DeCuir, Executive Officer, stated that this bill as proposed could extend the already lengthy rulemaking process which in turn could endanger the public. Kristy Shellans stated that this bill, as written, would still allow you to prescribe an earlier effective date for your regulations but you would have to order that every single time that you adopted regulations. As we've seen in the past, sometimes things take longer than the date you've set which may add confusion to the process. M/S/C (Casagrande/Morrow) to "Oppose" this bill and get a letter off to the author right away. The motion passed unanimously.

- **SB 100 (Price) – Healing Arts**

As it applies to the Dental Board of California, this bill requires dentists to use the designation of "DDS" or "DMD" immediately following the dentist's name in all advertising. This bill may affect the Dental Board's Oral and Maxillofacial Surgery (OMS) holders who own or are employed by ambulatory surgical centers. This bill only affects the permit for the site and not the permit holder. Kristy Shellans, Legal Counsel, stated that this bill contains many different issues that it is trying to address. As far as the Dental Board is concerned it might be a good idea to watch the advertising section of this bill. M/S/C (Burton/Bettinger) to "Watch" this bill. The motion passed unanimously.

- **SB 103 (Liu) - State government: meetings: teleconferencing**

This bill urges state bodies to hold teleconference meetings when legally and financially possible. Dr. Morrow stated that as he understands it, this bill is urging not requiring. Ms. Wallace confirmed this. M/S/C (Burton/Bettinger) to "Watch" this bill. The motion passed unanimously.

- **Other legislation impacting the Board that staff becomes aware of between the time the meeting notice is posted and the Board meeting.**

Ms. Wallace stated that there are an additional 9 bills which could have some impact on the Dental Board. The majority of these bills make only technical not substantive changes.

AB 536 regarding the Department of Consumer Affairs makes technical changes to the language. M/S/C (Burton/Bettinger) to "Watch" this bill. The motion passed unanimously.

AB 675 regarding the general provisions pertaining to all healing arts boards would provide that continuing education courses that advance or promote labor organizing on behalf of a union, or that advance or promote statutory or regulatory changes, political candidates, political advocacy, or political strategy shall not be considered content relevant to the practice regulated by the board and shall not be acceptable for meeting requirements for licensure renewal. M/S/C (McCormick/Morrow) to "Support" this bill. Ms. Burton asked if this was a "spot" bill. Ms. Wallace stated that at this point this bill would make substantive changes to the statute because the Dental Board already has pretty specific continuing education requirements in regulation. Kristy Shellans asked if there was a copy of the text that the Board could see and Ms. Wallace stated that it was not available. Kristy Shellans stated that she would be uncomfortable on the Board voting on something that they hadn't actually had the text for. Ms. Burton stated that as long as the hearing is still pretty far away, she would caution against taking a position now that we can't change later. Dr. McCormick stated that she would be happy to withdraw her motion but that perhaps the same should be done for the other 8 bills the board does not have the language for. Ms. Shellans stated that the Board does have the language for SB 540 and 694. M/S/C (McCormick/Dominicis) that the Board take a "Watch" position on the remaining bills of interest AB 675 Continuing Education, AB 958 Regulatory Boards: limitations periods, AB 1207 Department of Consumer Affairs, AB 1328 Professions and Vocations, SB 227 Business Professions: licensure, SB 231 Regulatory boards: healing arts, SB 399 Healing

arts: advertising and SB 544 Healing arts with the exceptions being SB 540 and SB 694. The motion passed unanimously with Ms. Burton abstaining.

SB 540 regarding extending the repeal date of the Dental Board of California until January 1, 2016. Dr. Bettinger moved to support. Mr. DeCuir asked the board to proceed with caution on this bill because this could be the caveat for the committee to load in language during Sunset Review. There may be some provisions that come about as a result of Sunset Review that the Board may not want to accept. Dr. Bettinger offered to amend his motion. Bill Lewis with California Dental Association (CDA) commented that it makes the most sense to not take a position until more details are known. Dr. Bettinger withdrew his motion. M/S/C (Bettinger/Le) to remain "Neutral" on this bill. The motion passed unanimously.

SB 694 regarding access to dental care. Dr. Bettinger stated that this may be a bill that will allow the creation of mid-level providers. Dr. Le stated that this bill was actually introduced by the Children's Partnership. They are working on proposing a new category of dental people. Dr. Bettinger stated that this is another bill where we don't have the language and we don't know where they're going with it. Bill Lewis CDA commented that they have been in some preliminary discussions with Children's Partnership regarding where everyone is on the issue at this point. CDA has previously worked with Senator Padilla the author of this bill and takes no position at this time but watch closely. Dr. Le would like to recues herself as she has been in some discussions with Children's Partnership. Katie Dawson from the California Dental Hygienists Association stated that as a profession, they are also looking at this mid-level provider. There are many different models all over the country and we should get as much input as possible especially from dental hygienists and possibly dental assistants who would be used to create this new position. We have not been involved with other organizations officially but we would like to encourage as much input as possible when coming to any decisions. M/S/C (Burton/ McCormick) to "Watch" this bill. The motion passed unanimously with Dr. Le abstaining.

LEG 4 – Update on Pending Regulatory Packages:

A. Disciplinary Guidelines (California Code of Regulations, Title 16, Section 1018)

Sarah Wallace reported that the Disciplinary Guidelines were approved by the Office of Administrative Law and filed with the Secretary of State on Dec. 14, 2010. The regulation became effective on January 13, 2011. A copy of these guidelines can be found can be found on the Boards website at: http://www.dbc.ca.gov/formspubs/pub_dgml.pdf

B. Retroactive Fingerprinting (California Code of Regulations, Title 16, Sections 1007,1008 and 1017.2)

Ms. Wallace reported that this rulemaking was signed by the appropriate parties and turned in to the Office of Administrative Law (OAL) on January 28, 2011. OAL has 30 working days to either approve or disapprove the file. If the file is approved, it will be filed with the Secretary of State and the regulation will become effective 30 days later. Staff anticipates that the file will be approved and the regulation will become effective sometime in mid-April. Dr. Morrow asked if these regulations also pertain to dentists. Ms Wallace said yes, they pertain to all licensees of the Dental Board.

C. Dental Assisting Educational Programs and Courses (California Code of Regulations, Title 16, Sections 1070, 1070.1, 1070.2, 1070.6, 1070.7, 1070.8 and 1071)

Ms. Wallace reported that since the last meeting the Dental Assisting Educational Programs and Courses regulatory package had gone out for a third modified text. The board received 1 comment in support and 1 adverse comment. Those comments were discussed during Friday's board meeting.

D. Minimum Standards for Infection Control (California Code of Regulations, Title 16, Section 1005)

Ms. Wallace reported that the final text was adopted by the board at the December teleconference. Staff is currently working on the final statement of reasons for this rulemaking to turn in to the Office of Administrative Law before the one year deadline which is August 26, 2011.

E. Consumer Protection Enforcement Initiative (California Code of Regulations, Title 16, Sections 1018.05 and 1020)

Ms. Wallace reported that the Consumer Protection Enforcement Initiative (CPEI) regulations which were approved by the board in November have been filed with the Office of Administrative Law (OAL). They were published by OAL on February 18, 2011. The 45 day public comment period began on 2/18/2011 and will end on April 4, 2011. A regulatory hearing has been scheduled for April 4, 2011 at 10:00 a.m. at the DBC Sacramento office on Evergreen Street.

Ms. Wallace stated that a couple of items that were not included in this package but that are currently being worked on include the Sponsored Healthcare Event Regulations which comply with AB 2699 provisions that will be discussed on Friday. We are also working on the Uniform Standards for substance abusing licensee's regulatory package that will be discussed on Friday. In addition, we are working with the subcommittee on the Portfolio regulations for drafting. Mr. DeCuir commented that from his past experience, he has never seen a board work on more than one or two regulatory packages through the course of a year. Before this meeting is through, we will be trudging through eight regulatory packages. Mr. DeCuir wanted it to be clear about the workload being placed on Sarah in particular and staff in general and on the board. He said he felt obligated to make everyone aware of this. Dr. Bettinger commended the staff for their hard work and Richard for his leadership in dealing with so many regulatory packages. Everyone on the board and in the Legislative and Regulatory committee appreciates all the hard work that everyone has put into it.

LEG 5 – Prospective Legislative Proposals

(A) Discussion and Possible Action to Recommend Statutory Amendments to Business and Professions Code Section 651 Regarding Advertising of Specialty Licensure

Ms. Wallace reported that in February 2001 AB 1026 was introduced and sponsored by the California Dental Association (CDA). The bill was similar to the board's prior regulatory language that had been deemed unconstitutional in a previous lawsuit. The bill was enacted into law ON September 23, 2002 and was chaptered as B & P code Section 651(h)(5)(A). As a result of the enactment of AB 1026, a lawsuit was filed challenging the constitutionality of this law. The board attempted to settle the case and the threat of any future litigation by pursuing statutory amendments. However, the board was unsuccessful in finding an author to sponsor the legislation. In October of 2010 a United States District Court Judge ruled that section 651(h)(5)(A) violates the First Amendment and must be invalidated. The board is constitutionally obligated to appeal that decision and the issue is currently on appeal in the Ninth Circuit Court of Appeals. At this time, staff is again seeking an author to carry new language to repeal the B & P Code Section 651(h)(5)(A)(i) through Section 651(h)(5)(A)(iii). Ms. Burton stated that there had been a meet and greet at Senator Price's office where some preliminary discussions on this issue were brought up. It is her understanding that this is something that is in the Sunset Review process. The committee thinks it is possible to take care of this issue through those Sunset Review hearings making it unnecessary for us to carry a bill as this would be loaded into whatever legislation is done as a result of Sunset Review. Ms. Burton stated that she thinks that we don't need to do anything at this point. We need to wait to see the outcome of the Sunset Review hearing on March 14, 2011. Bill Lewis, CDA, stated that they wish they were not in the position to have to take this action since they were the sponsors and worked hard to get this enacted but clearly the tide has been running against us on this particular issue. We recognize the burden put upon the board in trying to defend this statute. We are in agreement with the board on moving forward with this. He asked legal counsel if they thought that just waiting to see what would happen after Sunset Review was the appropriate action. Kristy Shellans stated that it is a policy call by the board in how they want to pursue it. Does the committee agree with this approach? Dr. Bettinger stated that all three attorneys agree on this language. Kristy Shellans stated that she thinks it would solve the problems of future litigation for the board. M/S (Bettinger/Forsythe) that the language be forwarded to the full board for approval and direct the Executive Officer to seek an author to introduce this language as an urgency

measure during the 2011-2012 Legislative session to repeal Business and Professions Code Sections 651(h)(5)(A)(i) through Section 651(h)(5)(A)(iii). Mr. DeCuir stated that he thinks we need to take a step back because we're not going to get an urgency bill through and as long as the sunset Review process includes this language then this motion would be incorporated into the Sunset Review process. Ms. Burton stated that the motion is that we want to move this language forward to the full board tomorrow for approval and we want to ask that this language either be incorporated into the Sunset Review process or into a bill for which we will seek an author. Ms. Burton stated that the reason she wanted to add that last part is that she wants to be sure that we are finally going to get a solution to this problem. Ms. Burton stated that she also wanted to be sure that when we get into Sunset Review things don't get out of hand with some other provisions that we had not considered or had an opportunity to talk about. Dr. Bettinger asked to amend his motion. M/S/C (Bettinger/Forsythe) to move the language be forwarded to the full board for approval and incorporation into the Sunset Review process or direct the Executive Officer to seek an author to introduce this language during the 2011-2012 Legislative session to repeal Business and Professions Code Sections 651(h)(5)(A)(i) through Section 651(h)(5)(A)(iii). The motion passed unanimously.

(B) Request for proposals - Stakeholders Are Encouraged to Submit Proposals in Writing to the Board Before or During the Meeting for Possible Consideration by the Board at a Future Meeting

Ms. Burton reminded everyone that the clock is ticking on this so if there are things that the committee needs to be aware of they need to be brought forward.

PUBLIC COMMENT

There was no public comment.

ADJOURNMENT

Ms. Burton thanked Sarah Wallace for all her hard work on these many regulations. The committee adjourned at 10:21 a.m.

SUMMARY

The Administrative Procedure Act governs the procedure for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Under existing law, a regulation or an order of repeal of a regulation becomes effective on the 30th day after it is filed with the Secretary of State, except as provided.

This bill would require that a regulation or an order of repeal of a regulation become effective, instead, on January 1 next following a 90-day period after the date it is filed with the Secretary of State, except as provided.

ANALYSIS

The current rulemaking process takes an estimated 12 to 18 months to complete. The Dental Board of California's (Board) highest priority is the protection of the public when exercising its licensing, regulatory, and disciplinary functions. The primary methods by which the Board achieves this goal are: issuing licenses to eligible applicants; investigating complaints against licensees and disciplining licensees for violating of the Dental Practice Act (DPA); monitoring licensees whose license has been placed on probation; and managing the Diversion Program for licensees, whose practice may be impaired due to abuse of dangerous drugs or alcohol. The Board is authorized to adopt reasonably necessary rules to implement, interpret, or make specific the statutes that govern the Dental Practice Act. Extending the time before a regulation may become effective could unnecessarily endanger the public.

REGISTERED SUPPORT/OPPOSITION

Support: None on file as of 5/2/2011.

BILL STATUS: 4/26/2011 – Referred to Committee on Appropriations

BILL LOCATION: 4/26/2011 – Assembly Appropriations

SUBJECT: State Government: licenses: California Licensing and Permit Center.

RELATED BILLS:

SUMMARY

This bill would require the Governor, or his or her designee, in cooperation with the California Technology Agency, to establish the California Licensing and Permit Center (CLPC) and corresponding user friendly Web site to assist the public with licensing, permitting, and registration requirements of state agencies. The CLPC's Web site shall be accessible from the Governor's Web site and shall be provided to the public free of charge. This bill requires the Web site to contain information on the licensing, permitting, and registration requirements of state agencies, including the following information:

- a) Assisting potential applicants with identifying the type of applications, forms, or other similar documents an applicant may need;
- b) Providing a digital copy of all state applications, forms, or other similar documents; and,
- c) Instructing potential applicants where to transmit applications, forms, or other similar documents.

Each state agency determined by the Governor to have licensing authority to participate fully with this program by providing accurate updated information about its licensing requirements.

This bill requires the Governor, or his or her designee, to operate, via electronic mail and telephone methods, a help center that will assist applicants with licensing, permitting, and registration requirements.

This bill establishes the California License and Permit Fund (Fund) in the State Treasury, and provides that all moneys in the Fund shall, upon appropriation by the Legislature, be used by the Governor only for the purposes of this bill. Each state agency required to participate in the CLPC to reallocate funds annually from its operating budget to the Fund in the amount necessary to pay for the agency's proportionate share of establishing and operating the CLPC.

ANALYSIS

As introduced, this bill requires the Board to provide CLPC accurate updated information regarding our licensing requirements, digital copies of the various type of applications, forms, or any other documents an applicant may need, and instructions on where to transmit applications. This information is currently available via the Board's Web site and readily available to forward to another agency, if needed.

This bill also requires the Board to reallocate the necessary funds annually from its operating budget to fund this program. It is anticipated that the Board would experience a significant fiscal impact as a result of this bill. In addition, this bill appears to be another layer of bureaucracy, as this information is already available via the Board's Web site.

ASSEMBLY BILL

No. 1088

Introduced by Assembly Member Eng

February 18, 2011

An act to amend Section 8310.5 of, and to add Section 8310.7 to, the Government Code, relating to state agencies.

LEGISLATIVE COUNSEL'S DIGEST

AB 1088, as introduced, Eng. State agencies: collection of demographic data.

Existing law requires any state agency, board, or commission that directly or by contract collects demographic data as to the ancestry or ethnic origin of Californians to use separate collection categories and tabulations for each major Asian and Pacific Islander group, including, but not limited to, Chinese, Japanese, Filipino, Korean, Vietnamese, Asian Indian, Hawaiian, Guamanian, Samoan, Laotian, and Cambodian.

This bill would require specified state agencies to use additional separate collection categories and tabulations for other major Asian groups and Native Hawaiian and other Pacific Islander groups, including, but not limited to, Bangladeshi, Fijian, Hmong, Indonesian, Malaysian, Pakistani, Sri Lankan, Taiwanese, Thai, and Tongan. This bill would also require that these specified state agencies update their data collection categories to match those used by the United States Census Bureau. This bill would further require a state agency, board, or commission that directly or by contract collects demographic data, include data on specified collection categories and tabulations in every demographic report on ancestry or ethnic origins of Californians that it publishes or releases on or after July 1, 2012. This bill would further require a state agency, board, or commission to make the collected data

available to the public, in accordance with state and federal law, except for personal identifying information, which shall be deemed confidential. The bill would also require a state agency, board, or commission to post, and annually update, the demographic data on its Internet Web site.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

- 1 SECTION 1. The Legislature hereby finds and declares all of
- 2 the following:
- 3 (a) More than one-third of the nation's Asians and Pacific
- 4 Islanders live in California, making the state home to more Asians
- 5 and Pacific Islanders than any other state in the nation.
- 6 (b) Asians and Pacific Islanders represent 14 percent of the
- 7 state's population, and grew by 52 percent from 1990 to 2000.
- 8 (c) Asians and Pacific Islanders are an incredibly diverse group.
- 9 Due to this diversity, the United States Office of Management and
- 10 Budget's Statistical Policy Directive No. 15, entitled Race and
- 11 Ethnic Standards for Federal Statistics and Administrative
- 12 Reporting, separated the "Asian and Pacific Islander" category
- 13 into two distinct and separate categories, now called "Asians" and
- 14 "Native Hawaiians and Other Pacific Islanders," and these two
- 15 distinct categories were used in the 2000 United States Census.
- 16 The United States Census Bureau currently reports data for more
- 17 than 20 different ethnicities within these two categories.
- 18 (d) While Asians and Pacific Islanders are often misrepresented
- 19 as a homogeneous group, they actually represent dozens of different
- 20 cultures, languages, and ethnic groups and have a wide range of
- 21 economic, educational, and social needs.
- 22 (e) Existing state law requires state demographic data to be
- 23 divided into some Asian and some Native Hawaiian and Pacific
- 24 Islander ethnic groups. However, additional groups reported by
- 25 the United States Census Bureau are not included in state
- 26 demographic data.
- 27 (f) Given the diversity of languages and cultures, separating
- 28 data for additional Asian and additional Native Hawaiian and
- 29 Pacific Islander ethnic groups is critical for enhancing our state's

1 understanding of the needs and experiences of these different
2 communities.

3 SEC. 2. Section 8310.5 of the Government Code is amended
4 to read:

5 8310.5. ~~Any~~ (a) Every state agency, board, or commission
6 ~~which that~~ directly or by contract collects demographic data as to
7 the ancestry or ethnic origin of Californians shall use separate

11 ~~Guamanian, Samoan,~~ Laotian, and ~~Cambodian~~ *Cambodian, and*
12 *each major Native Hawaiian and Pacific Islander group, including,*
13 *but not limited to, Native Hawaiian, Guamanian (also known as*
14 *Chamorro), and Samoan.*

15 (b) *The data collected pursuant to the different collection*
16 *categories and tabulations described in subdivision (a) shall be*
17 *included in every demographic report on ancestry or ethnic origins*
18 *of Californians by the state agency, board, or commission*
19 *published or released on or after July 1, 2012. The data shall be*

23 (c) *Every state agency, board, or commission that directly or*

26 *for personal identifying information, which shall be deemed*
27 *confidential, by posting the data on its Internet Web site by July*
28 *1, 2012, and annually thereafter.*

29 SEC. 3. Section 8310.7 is added to the Government Code, to
30 read:

31 8310.7. (a) In addition to the duties imposed under Section
32 8310.5, the following state agencies, in the course of collecting
33 demographic data directly or by contract as to the ancestry or ethnic
34 origin of Californians, shall collect and tabulate data for additional
35 major Asian groups, including, but not limited to, Bangladeshi,
36 Hmong, Indonesian, Malaysian, Pakistani, Sri Lankan, Taiwanese,
37 and Thai, and additional major Native Hawaiian and other Pacific
38 Islander groups, including, but not limited to, Fijian and Tongan:

- 39 (1) The State Department of Health Care Services.
40 (2) The State Department of Public Health.

- 1 (3) The State Department of Social Services.
2 (4) The Employment Development Department.

4 (6) The State Personnel Board.
5 (7) The Department of Fair Employment and Housing.
6 (8) The State Department of Education.
7 (b) During the normal process of reporting demographic data,
8 the state agencies identified in subdivision (a) shall report the
9 collected data according to each Asian group and each Native
10 Hawaiian and Pacific Islander group specified in subdivision (a)
11 and make that data available to the public in accordance with state
12 and federal law, except for personal identifying information, which
13 shall be deemed confidential.
14 (c) The state agencies set forth in subdivision (a) shall comply
15 as early as possible, but no later than July 1, 2012.
16 (d) Any state agency identified in subdivision (a) shall make
17 the collected demographic data described in subdivision (a)
18 publicly available, except for personal identifying information,
19 which shall be deemed confidential, by posting the data on the
20 agency's Internet Web site by July 1, 2012, and annually thereafter.
21 (e) Notwithstanding subdivision (c), the state agencies pursuant
22 to subdivision (a) shall, within 18 months after the United States
23 Census is released to the public, update their data collection to
24 reflect the additional Asian groups and additional Native Hawaiian
25 and Pacific Islander groups as they are reported by the United
26 States Census Bureau.

BILLS:**

SUMMARY

- 1) This bill requires the Medical Board of California (MBC) to adopt regulations on or before January 1, 2013 regarding the appropriate level of physician availability needed within clinics or other settings using laser or intense pulse light devices for elective cosmetic procedures. The bill specifies that the regulations to be adopted will not apply to laser or intense pulse light devices approved by the federal Food and Drug Administration for over-the-counter use by a health care practitioner or by an unlicensed person on himself or herself.
- 2) This bill expands the definition of outpatient settings to include facilities that offer in vitro fertilization procedures. The MBC is required to adopt standards for outpatient settings that offer in vitro fertilization.
- 3) This bill requires an outpatient setting to submit for approval by an accrediting agency at the time of accreditation, a detailed plan, standardized procedures, and protocols to be followed in the event of serious complications or side effects from surgery that would place a patient at high risk for injury or harm or to govern emergency or urgent care situations. The bill specifies that the plan shall include, at a minimum, that if a patient is being transferred to a local accredited or licensed acute care hospital, the outpatient setting shall do all of the following:
 - a) Notify the individual designated by the patient to be notified in case of emergency;
 - b) Ensure that the mode of transfer is consistent with the patient's medical condition;
 - c) Ensure that all relevant clinical information is documented and accompanies the patient at the time of transfer; and,

- d) Continue to provide appropriate care to the patient until the transfer is effectuated.
- 4) This bill authorizes the MBC to adopt regulations it deems necessary to specify procedures that should be performed in an accredited outpatient setting for facilities or clinics that are outside the definition outpatient setting, as specified.
 - 5) This bill requires the accrediting agency, as part of the accreditation process, to conduct a reasonable investigation of the prior history of the outpatient setting, including all physicians and surgeons who have an ownership interest, to determine whether there have been any adverse accreditation decisions, as specified. This bill states that conducting a reasonable investigation means querying the MBC and the Osteopathic Medical Board of California to ascertain if either the outpatient setting has, or, if its owners are licensed physicians and surgeons, and if those physicians and surgeons have been subject to an adverse accreditation decision.
 - 6) This bill requires an outpatient setting to comply with existing adverse event reporting requirements and penalties that apply to health facilities.
 - 7) This bill requires the MBC to place the list of accredited outpatient setting it currently maintains on its web site on whether an outpatient setting is accredited or the accreditation has been revoked, suspended, or placed on probation, or the setting has received a reprimand by the accrediting agency. This bill specifies that the list shall include the name, address and telephone number of any owners and their medical license numbers, name and address of the facility, name and telephone number of the accreditation agency, and the effective and expiration dates of the accreditation. This bill requires accrediting agencies to provide and update the MBC on all outpatient settings that are accredited.
 - 8) This bill requires an accrediting agency to report within 3 business days to the MBC if an outpatient setting's certificate for accreditation has been denied for failure to meet the standards approved by the MBC, as specified.
 - 9) This bill states that every outpatient setting shall be inspected by accrediting agencies and may be inspected by the MBC. The bill includes the following requirements in the inspection:
 - a) The frequency of inspection shall depend upon the type and complexity of the outpatient setting to be inspected; and,
 - b) Inspections shall be conducted no less than once every 3 years by the accrediting agency and as often as necessary by the MBC to ensure quality of care provided.
 - 10) This bill requires, if an accreditation agency determines as a result of its inspection that an outpatient setting is not in compliance with standards, as specified, correction of any identified deficiencies within a set timeframe. The bill states that

failure to comply would result in the accrediting agency issuing a reprimand, suspending or revoking the outpatient setting's accreditation.

- 11) The bill requires that prior to suspending or revoking a certificate of accreditation, an outpatient setting must agree with the accreditation agency on a plan of correction. The bill specifies that the plan of correction, which includes the deficiencies, shall be conspicuously posted in a location accessible to public view. The bill provides that within 10 days after the adoption of the plan of correction, the accrediting agency shall send a list of deficiencies and the corrective action to be taken to the MBC.
- 12) The bill states that if an outpatient setting does not comply with a corrective action plan within a timeframe specified by the accrediting agency, the accrediting agency shall issue a reprimand, and may either place the outpatient setting on probation, suspend or revoke the accreditation of an outpatient setting, and to notify the MBC of this action. The bill provides that this provision shall not be deemed to prohibit an outpatient setting that is unable to correct the deficiencies, as specified in the plan of correction, for reasons beyond its control, from voluntarily surrendering its accreditation prior to initiation of any suspension or revocation proceeding.
- 13) The bill requires an accreditation agency, within 24 hours, to report to the MBC if an outpatient setting has been issued a reprimand or if the outpatient setting's certification of accreditation has been suspended or revoked or if the outpatient setting has been placed on probation.
- 14) This bill requires an accreditation agency, upon receipt of a complaint from the MBC that an outpatient setting poses an immediate risk to public safety, to inspect an outpatient setting and report its findings of inspection to the MBC within 5 business days. The bill provides that if an accrediting agency receives any other complaint from the MBC, it shall investigate the outpatient setting and report its finding of investigation to the MBC within 30 days.
- 15) The bill requires that reports on the results of inspection to be kept on file with the MBC and the accreditation agency along with the plan of correction and the comments of the outpatient setting. The bill indicates that the inspection report may include a recommendation for re-inspection, and that all inspection reports, list of deficiencies, and plans of correction are public records open to public inspection.
- 16) The bill provides that if one accrediting agency denies accreditation, or revokes or suspends the accreditation of an outpatient setting, this action shall apply to all other accrediting agencies. The bill allows an outpatient setting to reapply for accreditation with another accrediting agency upon disclosure of the full accreditation report of the accrediting agency that denied accreditation. The bill indicates that any outpatient setting that has been denied accreditation shall disclose the accreditation report to any other accrediting agency to which it submits an application.

- 17) The bill requires that if an outpatient setting's accreditation has been suspended, revoked, or if the accreditation has been denied, the accreditation agency shall do all of the following: a) notify the MBC of this action; b) send a notification letter to the outpatient setting, and the notification letter should state that the setting is no longer allowed to perform procedures that require outpatient setting accreditation; and, c) require the outpatient setting to remove its accreditation certification and to post the notification letter in a conspicuous location, accessible to public view.
- 18) The bill allows the MBC to take any appropriate action it deems necessary, as specified, if the outpatient setting's certification of accreditation has been suspended, revoked, or if the accreditation has been denied.
- 19) The bill requires, instead of allows, the MBC to evaluate the performance of accrediting agencies no less than every three years, as specified.
- 20) The bill requires the MBC to investigate all complaints concerning a violation, as specified. Requires the MBC or the local district attorney, upon discovery that an outpatient setting is not complying with certification requirements, to bring an action to enjoin the outpatient setting's accreditation, as specified. The bill states that if an outpatient setting is operating without a certificate of accreditation, this shall be prima facie evidence that a violation has occurred, as specified, and additional proof shall not be necessary to enjoin an outpatient setting's operation.
- 21) The bill clarifies that a survey does not constitute an inspection for purposes of outpatient settings.
- 22) The bill deletes the requirement that the MBC or the accrediting agency give reasonable prior notice and present proper identification prior to an inspection.

ANALYSIS

This bill may affect the Dental Board's Oral and Maxillofacial Surgery (OMS) permit holders who own or work in "outpatient settings". OMS permit holders are licensed by the Medical Board of California as physicians and surgeons and have a dental license in another state. According to the Senate Committee Analysis, the Author points out that this bill provides for greater oversight and regulation of surgical clinics, and other types of clinics such as fertility and outpatient settings, and ensures that quality of care standards are in place at these clinics and checked by the appropriate credentialing agency. In California, cosmetic surgery can be performed by any licensed physician, and many physicians, who may or may not be trained in cosmetic procedures are conducting increasingly complex procedures in settings outside of hospitals such as outpatient surgery centers and doctors' offices. Additionally, the Senate Committee Analysis points out that there is a need to improve and strengthen the oversight of these outpatient clinics. For example, there is a lack of specific requirements at the clinics dealing with pre- and post-operative procedures, and the standards are unclear as to the regularity of inspections. This bill will improve and ensure the quality and effectiveness of medical procedures conducted at these outpatient settings.

This bill would require the board to adopt regulations by January 1, 2013, regarding the appropriate level of physician availability needed within clinics or other settings using certain laser or intense pulse light devices for elective cosmetic procedures.

~~(3) Existing law requires the Medical Board of California to post on the Internet specified information regarding licensed physicians and surgeons.~~

This bill would require the board to post on its Internet Web site an easy-to-understand factsheet to educate the public about cosmetic surgery and procedures, as specified.

~~(4) Under existing law, the State Department of Public Health licenses and regulates clinics, including surgical clinics, as defined:~~

This bill would expand the definition of surgical clinics to include a surgical clinic owned in whole or in part by a physician and would require, until the department promulgates regulations for the licensing of surgical clinics, the department to use specified federal conditions of coverage.

~~(5)~~

(2) Existing law requires the Medical Board of California, as successor to the Division of Licensing of the Medical Board of California, to adopt standards for accreditation of outpatient settings, as defined, and, in approving accreditation agencies to perform this accreditation, to ensure that the certification program shall, at a minimum, include standards for specified aspects of the settings' operations. Existing law makes a willful violation of these and other provisions relating to outpatient settings a crime.

This bill would include, among those specified aspects, the submission for approval by an accreditation agency at the time of accreditation, a detailed plan, standardized procedures, and protocols to be followed in

the event of serious complications or side effects from surgery. *This bill would, as part of the accreditation process, authorize the accrediting agency to conduct a reasonable investigation, as defined, of the prior history of the outpatient setting.* The bill would also modify the definition of "outpatient setting" to include facilities that offer in vitro fertilization, as defined. By changing the definition of a crime, this bill would impose a state-mandated local program.

Existing law also requires the Medical Board of California to obtain and maintain a list of all accredited, certified, and licensed outpatient settings, and to notify the public, upon inquiry, whether a setting is accredited, certified, or licensed, or whether the setting's accreditation, certification, or license has been revoked.

~~This bill would require the board, absent inquiry, to notify the public whether a setting is accredited, certified, or licensed, or the setting's accreditation, certification, or license has been revoked, suspended, or placed on probation, or the setting has received a reprimand by the accreditation agency. The bill would also require the board to give the department notice of all accredited, certified, and licensed outpatient settings and to notify the department of accreditation standards, changes in the accreditation of an outpatient setting, or any disciplinary actions and corrective actions.~~

This bill would, instead, require the board to obtain and maintain the list for all accredited outpatient settings, and to notify the public by placing the information on its Internet Web site, whether the setting is accredited or the setting's accreditation has been revoked, suspended, or placed on probation, or the setting has received a reprimand by the accreditation agency.

Existing law requires accreditation of an outpatient setting to be denied if the setting does not meet specified standards. Existing law authorizes an outpatient setting to reapply for accreditation at any time after receiving notification of the denial.

This bill would require the accreditation agency to ~~immediately~~ report *within 3 business days* to the Medical Board of California if the outpatient setting's certificate for accreditation has been denied. Because a willful violation of this requirement would be a crime, the bill would impose a state-mandated local program. The bill would also apply the denial of accreditation, or the revocation or suspension of accreditation by one accrediting agency, to all other accrediting agencies.

Existing law authorizes the Medical Board of California, as successor to the Division of Medical Quality of the Medical Board of California,

or an accreditation agency to, upon reasonable prior notice and presentation of proper identification, enter and inspect any accredited outpatient setting to ensure compliance with, or investigate an alleged violation of, any standard of the accreditation agency or any provision of the specified law.

This bill would delete the notice and identification requirements. The bill would require that every outpatient setting that is accredited be inspected by the accreditation agency, as specified, and would specify that it may also be inspected by the board and the department, as specified. The bill would require the board to ensure that accreditation agencies inspect outpatient settings.

~~Existing law authorizes the Medical Board of California to terminate approval of an accreditation agency if the agency is not meeting the criteria set by the board.~~

~~This bill would also authorize the board to issue a citation to the agency, including an administrative fine, in accordance with a specified system established by the board.~~

Existing law authorizes the Medical Board of California to evaluate the performance of an approved accreditation agency no less than every 3 years, or in response to complaints against an agency, or complaints against one or more outpatient settings accreditation by an agency that indicates noncompliance by the agency with the standards approved by the board.

This bill would make that evaluation mandatory.

~~(5) Existing law provides for the licensure and regulation of health facilities by the State Department of Public Health and requires the department to periodically inspect those facilities, as specified.~~

~~This bill would state the intent of the Legislature that the department, as part of its periodic inspections of acute care hospitals, inspect the peer review process utilized by those hospitals.~~

Existing law authorizes the board or the local district attorney to bring an action to enjoin a violation or threatened violation of the licensing provisions for outpatient settings in the superior court in and for the county in which the violation occurred or is about to occur.

This bill would require the board to investigate all complaints concerning a violation of these provisions and, with respect to any complaints, or upon discovery that an outpatient setting is not in compliance with a specified provision, would require the board or the local district attorney to bring an action to enjoin the outpatient setting's operation as specified.

(6)

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

1 SECTION 1. ~~(a) It is the intent of the Legislature to clarify~~
2 ~~Capen v. Shewry (2007) 147 Cal.App.4th 680 and give surgical~~
3 ~~clinics that are owned in whole or in part by physicians the option~~
4 ~~to be licensed by the State Department of Public Health. It is further~~
5 ~~the intent of the Legislature that this clarification shall not be~~
6 ~~construed to permit the practice of medicine in prohibition of the~~
7 ~~corporate practice of medicine pursuant to Section 2400 of the~~
8 ~~Business and Professions Code.~~

9 ~~(b) It is the further intent of the Legislature to continue to give~~
10 ~~physicians and surgeons the option to obtain licensure from the~~
11 ~~State Department of Public Health if they are operating surgical~~
12 ~~clinics, or an accreditation through an accrediting agency approved~~
13 ~~by the Medical Board of California pursuant to Chapter 1.3~~
14 ~~(commencing with Section 1248) of Division 2 of the Health and~~
15 ~~Safety Code.~~

16 ~~(c) It is the further intent of the Legislature, in order to ensure~~
17 ~~patient protection, to provide appropriate oversight by the State~~
18 ~~Department of Public Health, and to allow corrective action to be~~
19 ~~taken against an outpatient setting if there is reason to believe that~~
20 ~~there may be risk to patient safety, health, or welfare, that an~~
21 ~~outpatient setting shall be deemed licensed by the State Department~~
22 ~~of Public Health.~~

23 ~~SEC. 2. Section 651 of the Business and Professions Code is~~
24 ~~amended to read:~~

25 ~~651. (a) It is unlawful for any person licensed under this~~
26 ~~division or under any initiative act referred to in this division to~~
27 ~~disseminate or cause to be disseminated any form of public~~
28 ~~communication containing a false, fraudulent, misleading, or~~
29 ~~deceptive statement, claim, or image for the purpose of or likely~~

1 to induce, directly or indirectly, the rendering of professional
2 services or furnishing of products in connection with the
3 professional practice or business for which he or she is licensed.
4 A "public communication" as used in this section includes, but is
5 not limited to, communication by means of mail, television, radio,
6 motion picture, newspaper, book, list or directory of healing arts
7 practitioners, Internet, or other electronic communication.

8 (b) A false, fraudulent, misleading, or deceptive statement,
9 claim, or image includes a statement or claim that does any of the
10 following:

11 (1) Contains a misrepresentation of fact.

12 (2) Is likely to mislead or deceive because of a failure to disclose
13 material facts.

14 (3) (A) Is intended or is likely to create false or unjustified
15 expectations of favorable results, including the use of any
16 photograph or other image that does not accurately depict the
17 results of the procedure being advertised or that has been altered
18 in any manner from the image of the actual subject depicted in the
19 photograph or image.

20 (B) Use of any photograph or other image of a model without
21 clearly stating in a prominent location in easily readable type the
22 fact that the photograph or image is of a model is a violation of
23 subdivision (a). For purposes of this paragraph, a model is anyone
24 other than an actual patient, who has undergone the procedure
25 being advertised, of the licensee who is advertising for his or her
26 services.

27 (C) Use of any photograph or other image of an actual patient
28 that depicts or purports to depict the results of any procedure, or
29 presents "before" and "after" views of a patient, without specifying
30 in a prominent location in easily readable type size what procedures
31 were performed on that patient is a violation of subdivision (a).
32 Any "before" and "after" views (i) shall be comparable in
33 presentation so that the results are not distorted by favorable poses,
34 lighting, or other features of presentation, and (ii) shall contain a
35 statement that the same "before" and "after" results may not occur
36 for all patients.

37 (4) Relates to fees, other than a standard consultation fee or a
38 range of fees for specific types of services, without fully and
39 specifically disclosing all variables and other material factors.

1 ~~(5) Contains other representations or implications that in~~
2 ~~reasonable probability will cause an ordinarily prudent person to~~
3 ~~misunderstand or be deceived.~~

4 ~~(6) Makes a claim either of professional superiority or of~~
5 ~~performing services in a superior manner, unless that claim is~~
6 ~~relevant to the service being performed and can be substantiated~~
7 ~~with objective scientific evidence.~~

8 ~~(7) Makes a scientific claim that cannot be substantiated by~~
9 ~~reliable, peer reviewed, published scientific studies.~~

10 ~~(8) Includes any statement, endorsement, or testimonial that is~~
11 ~~likely to mislead or deceive because of a failure to disclose material~~
12 ~~facts.~~

13 ~~(e) Any price advertisement shall be exact, without the use of~~
14 ~~phrases, including, but not limited to, "as low as," "and up,"~~
15 ~~"lowest prices," or words or phrases of similar import. Any~~
16 ~~advertisement that refers to services, or costs for services, and that~~
17 ~~uses words of comparison shall be based on verifiable data~~
18 ~~substantiating the comparison. Any person so advertising shall be~~
19 ~~prepared to provide information sufficient to establish the accuracy~~
20 ~~of that comparison. Price advertising shall not be fraudulent,~~
21 ~~deceitful, or misleading, including statements or advertisements~~
22 ~~of bait, discount, premiums, gifts, or any statements of a similar~~
23 ~~nature. In connection with price advertising, the price for each~~
24 ~~product or service shall be clearly identifiable. The price advertised~~
25 ~~for products shall include charges for any related professional~~
26 ~~services, including dispensing and fitting services, unless the~~
27 ~~advertisement specifically and clearly indicates otherwise.~~

28 ~~(d) Any person so licensed shall not compensate or give anything~~
29 ~~of value to a representative of the press, radio, television, or other~~
30 ~~communication medium in anticipation of, or in return for,~~
31 ~~professional publicity unless the fact of compensation is made~~
32 ~~known in that publicity.~~

33 ~~(e) Any person so licensed may not use any professional card,~~
34 ~~professional announcement card, office sign, letterhead, telephone~~
35 ~~directory listing, medical list, medical directory listing, or a similar~~
36 ~~professional notice or device if it includes a statement or claim~~
37 ~~that is false, fraudulent, misleading, or deceptive within the~~
38 ~~meaning of subdivision (b).~~

1 ~~(f) Any person so licensed who violates this section is guilty of~~
2 ~~a misdemeanor. A bona fide mistake of fact shall be a defense to~~
3 ~~this subdivision, but only to this subdivision.~~

4 ~~(g) Any violation of this section by a person so licensed shall~~
5 ~~constitute good cause for revocation or suspension of his or her~~
6 ~~license or other disciplinary action.~~

7 ~~(h) Advertising by any person so licensed may include the~~
8 ~~following:~~

9 ~~(1) A statement of the name of the practitioner.~~

10 ~~(2) A statement of addresses and telephone numbers of the~~
11 ~~offices maintained by the practitioner.~~

12 ~~(3) A statement of office hours regularly maintained by the~~
13 ~~practitioner.~~

14 ~~(4) A statement of languages, other than English, fluently spoken~~
15 ~~by the practitioner or a person in the practitioner's office.~~

16 ~~(5) (A) A statement that the practitioner is certified by a private~~
17 ~~or public board or agency or a statement that the practitioner limits~~
18 ~~his or her practice to specific fields.~~

19 ~~(i) For the purposes of this section, a dentist licensed under~~
20 ~~Chapter 4 (commencing with Section 1600) may not hold himself~~
21 ~~or herself out as a specialist, or advertise membership in or~~
22 ~~specialty recognition by an accrediting organization, unless the~~
23 ~~practitioner has completed a specialty education program approved~~
24 ~~by the American Dental Association and the Commission on Dental~~
25 ~~Accreditation, is eligible for examination by a national specialty~~
26 ~~board recognized by the American Dental Association, or is a~~
27 ~~diplomat of a national specialty board recognized by the American~~
28 ~~Dental Association.~~

29 ~~(ii) A dentist licensed under Chapter 4 (commencing with~~
30 ~~Section 1600) shall not represent to the public or advertise~~
31 ~~accreditation either in a specialty area of practice or by a board~~
32 ~~not meeting the requirements of clause (i) unless the dentist has~~
33 ~~attained membership in or otherwise been credentialed by an~~
34 ~~accrediting organization that is recognized by the board as a bona~~
35 ~~fide organization for that area of dental practice. In order to be~~
36 ~~recognized by the board as a bona fide accrediting organization~~
37 ~~for a specific area of dental practice other than a specialty area of~~
38 ~~dentistry authorized under clause (i), the organization shall~~
39 ~~condition membership or credentialing of its members upon all of~~
40 ~~the following:~~

- 1 ~~(I) Successful completion of a formal, full-time advanced~~
2 ~~education program that is affiliated with or sponsored by a~~
3 ~~university based dental school and is beyond the dental degree at~~
4 ~~a graduate or postgraduate level.~~
5 ~~(II) Prior didactic training and clinical experience in the specific~~
6 ~~area of dentistry that is greater than that of other dentists.~~
7 ~~(III) Successful completion of oral and written examinations~~
8 ~~based on psychometric principles.~~
9 ~~(iii) Notwithstanding the requirements of clauses (i) and (ii), a~~
10 ~~dentist who lacks membership in or certification, diplomate status,~~
11 ~~other similar credentials, or completed advanced training approved~~
12 ~~as bona fide either by an American Dental Association recognized~~
13 ~~accrediting organization or by the board, may announce a practice~~
14 ~~emphasis in any other area of dental practice only if the dentist~~
15 ~~incorporates in capital letters or some other manner clearly~~
16 ~~distinguishable from the rest of the announcement, solicitation, or~~
17 ~~advertisement that he or she is a general dentist.~~
18 ~~(iv) A statement of certification by a practitioner licensed under~~
19 ~~Chapter 7 (commencing with Section 3000) shall only include a~~
20 ~~statement that he or she is certified or eligible for certification by~~
21 ~~a private or public board or parent association recognized by that~~
22 ~~practitioner's licensing board.~~
23 ~~(B) A physician and surgeon licensed under Chapter 5~~
24 ~~(commencing with Section 2000) by the Medical Board of~~
25 ~~California may include a statement that he or she limits his or her~~
26 ~~practice to specific fields, but shall not include a statement that he~~
27 ~~or she is certified or eligible for certification by a private or public~~
28 ~~board or parent association, including, but not limited to, a~~
29 ~~multidisciplinary board or association, unless that board or~~
30 ~~association is (i) an American Board of Medical Specialties~~
31 ~~member board, (ii) a board or association with equivalent~~
32 ~~requirements approved by that physician and surgeon's licensing~~
33 ~~board, or (iii) a board or association with an Accreditation Council~~
34 ~~for Graduate Medical Education approved postgraduate training~~
35 ~~program that provides complete training in that specialty or~~
36 ~~subspecialty. A physician and surgeon licensed under Chapter 5~~
37 ~~(commencing with Section 2000) by the Medical Board of~~
38 ~~California who is certified by an organization other than a board~~
39 ~~or association referred to in clause (i), (ii), or (iii) shall not use the~~
40 ~~term "board certified" in reference to that certification, unless the~~

1 physician and surgeon is also licensed under Chapter 4
2 (commencing with Section 1600) and the use of the term "board
3 certified" in reference to that certification is in accordance with
4 subparagraph (A). A physician and surgeon licensed under Chapter
5 5 (commencing with Section 2000) by the Medical Board of
6 California who is certified by a board or association referred to in
7 clause (i), (ii), or (iii) shall not use the term "board certified" unless
8 the full name of the certifying board is also used and given
9 comparable prominence with the term "board certified" in the
10 statement.

11 For purposes of this subparagraph, a "multidisciplinary board
12 or association" means an educational certifying body that has a
13 psychometrically valid testing process, as determined by the

16 education, training, and experience.

17 For purposes of the term "board certified," as used in this
18 subparagraph, the terms "board" and "association" mean an

27 association applying for recognition pursuant to this subparagraph.
28 The fee shall not exceed the cost of administering this
29 subparagraph. Notwithstanding Section 2 of Chapter 1660 of the
30 Statutes of 1990, this subparagraph shall become operative July
31 1, 1993. However, an administrative agency or accrediting
32 organization may take any action contemplated by this
33 subparagraph relating to the establishment or approval of specialist
34 requirements on and after January 1, 1991.

35 (C) A doctor of podiatric medicine licensed under Chapter 5
36 (commencing with Section 2000) by the Medical Board of
37 California may include a statement that he or she is certified or
38 eligible or qualified for certification by a private or public board
39 or parent association, including, but not limited to, a
40 multidisciplinary board or association, if that board or association

1 meets one of the following requirements: (i) is approved by the
2 Council on Podiatric Medical Education, (ii) is a board or
3 association with equivalent requirements approved by the
4 California Board of Podiatric Medicine, or (iii) is a board or

8 medicine licensed under Chapter 5 (commencing with Section
9 2000) by the Medical Board of California who is certified by a
10 board or association referred to in clause (i), (ii), or (iii) shall not
11 use the term "board certified" unless the full name of the certifying
12 board is also used and given comparable prominence with the term
13 "board certified" in the statement. A doctor of podiatric medicine
14 licensed under Chapter 5 (commencing with Section 2000) by the
15 Medical Board of California who is certified by an organization
16 other than a board or association referred to in clause (i), (ii), or
17 (iii) shall not use the term "board certified" in reference to that
18 certification.

19 For purposes of this subparagraph, a "multidisciplinary board
20 or association" means an educational certifying body that has a
21 psychometrically valid testing process, as determined by the
22 California Board of Podiatric Medicine, for certifying doctors of
23 podiatric medicine that is based on the applicant's education,
24 training, and experience. For purposes of the term "board certified,"
25 as used in this subparagraph, the terms "board" and "association"
26 mean an organization that is a Council on Podiatric Medical
27 Education approved board, an organization with equivalent
28 requirements approved by the California Board of Podiatric
29 Medicine, or an organization with a Council on Podiatric Medical
30 Education approved postgraduate training program that provides
31 training in podiatric medicine and podiatric surgery.

32 The California Board of Podiatric Medicine shall adopt
33 regulations to establish and collect a reasonable fee from each
34 board or association applying for recognition pursuant to this
35 subparagraph, to be deposited in the State Treasury in the Podiatry
36 Fund, pursuant to Section 2499. The fee shall not exceed the cost
37 of administering this subparagraph.

26 ~~be based on the patient's ability to pay, utilizing a sliding fee scale.~~
27 ~~No corporation other than a nonprofit corporation, exempt from~~
28 ~~federal income taxation under paragraph (3) of subsection (c) of~~
29 ~~Section 501 of the Internal Revenue Code of 1954 as amended, or~~

26 ~~of any action taken against an outpatient setting and, if licensure~~
27 ~~of an outpatient setting is revoked or suspended by the department~~
28 ~~for any reason, then accreditation shall be void by operation of~~
29 ~~law. Notwithstanding Sections 1241 and 131071, proceedings shall~~

25 ~~of practice, that will be afforded to physicians and allied health~~
26 ~~care practitioners who practice at the facility, in accordance with~~
27 ~~credentialing standards established by the outpatient setting in~~
28 ~~compliance with this chapter. Privileges may not be arbitrarily~~
29 ~~restricted based on category of licensure.~~

30 ~~(e) The board shall adopt standards that it deems necessary for~~

25 *(C), the outpatient setting shall submit for approval by an*
26 *accreditation agency at the time of accreditation a detailed plan,*
27 *standardized procedures, and protocols to be followed in the event*

3 ~~(D)~~

4 (E) All physicians and surgeons transferring patients from an
5 outpatient setting shall agree to cooperate with the medical staff

18 *reasonable investigation" means querying the Medical Board of*
19 *California and the Osteopathic Medical Board of California to*
20 *ascertain if either the outpatient setting has, or, if its owners are*
21 *licensed physicians and surgeons, if those physicians and surgeons*
22 *have, been subject to an adverse accreditation decision.*

23 *(h) An outpatient setting shall be subject to the reporting*
24 *requirements in Section 1279.1 and the penalties for failure to*

38 ~~(c) The board shall obtain and maintain a list of all accredited,~~
39 ~~certified, and licensed outpatient settings from the information~~
40 ~~provided by the accreditation, certification, and licensing agencies~~

1 approved by the board, and shall notify the public whether a setting
2 is accredited, certified, or licensed, or the setting's accreditation,
3 certification, or license has been revoked, suspended, or placed on
4 probation, or the setting has received a reprimand by the
5 accreditation agency. The board shall provide notice to the
6 department within 10 days when an outpatient setting's
7 accreditation has been revoked, suspended, or placed on probation.
8 The department shall notify the board within 10 days if the license
9 of a surgical clinic, as defined in paragraph (1) of subdivision (b)
10 of Section 1204, has been revoked.

11 ~~(d) (1) The board shall, on or before February 1, 2012, provide~~

15 ~~department with an updated list of outpatient settings every three~~
16 ~~months.~~

17 *(b) The board shall obtain and maintain a list of accredited*
18 *outpatient settings from the information provided by the*
19 *accreditation agencies approved by the board, and shall notify the*
20 *public by placing the information on its Internet Web site whether*
21 *an outpatient setting is accredited or the setting's accreditation*
22 *has been revoked, suspended, or placed on probation, or the setting*
23 *has received a reprimand by the accreditation agency.*

24 ~~(3)~~

25 ~~(c) The list of outpatient settings shall include all of the~~

32 ~~(C)~~

33 ~~(3) The name and telephone number of the accreditation agency.~~

34 ~~(D)~~

35 ~~(4) The effective and expiration dates of the accreditation.~~

36 ~~(e) The board shall provide the department with all accreditation~~
37 ~~standards approved by the board, free of charge. Accreditation~~
38 ~~standards provided to the department by the board shall not be~~
39 ~~subject to public disclosure provisions of the California Public~~

1 ~~Records Act (Chapter 3.5 commencing with Section 6250) of~~
2 ~~Division 7 of Title 1 of the Government Code).~~

3 *(d) Accrediting agencies approved by the board shall notify the*
4 *board and update the board on all outpatient settings that are*
5 *accredited.*

6 ~~SEC. 12.~~

7 *SEC. 5.* Section 1248.25 of the Health and Safety Code is
8 amended to read:

9 1248.25. If an outpatient setting does not meet the standards
10 approved by the board, accreditation shall be denied by the
11 accreditation agency, which shall provide the outpatient setting
12 notification of the reasons for the denial. An outpatient setting may
13 reapply for accreditation at any time after receiving notification
14 of the denial. The accreditation agency shall ~~immediately report~~
15 *report within three business days* to the board if the outpatient
16 setting's certificate for accreditation has been denied.

17 ~~SEC. 13.~~

18 *SEC. 6.* Section 1248.35 of the Health and Safety Code is
19 amended to read:

20 1248.35. (a) Every outpatient setting which is accredited shall
21 be inspected by the accreditation agency and may also be inspected
22 by the Medical Board of California. The Medical Board of
23 California shall ensure that accreditation agencies inspect outpatient
24 settings.

25 (b) Unless otherwise specified, the following requirements apply
26 to inspections described in subdivision (a).

27 (1) The frequency of inspection shall depend upon the type and
28 complexity of the outpatient setting to be inspected.

29 (2) Inspections shall be conducted no less often than once every
30 three years by the accreditation agency and as often as necessary
31 by the Medical Board of California to ensure the quality of care
32 provided.

33 (3) The Medical Board of California or the accreditation agency
34 may enter and inspect any outpatient setting that is accredited by
35 an accreditation agency at any reasonable time to ensure
36 compliance with, or investigate an alleged violation of, any
37 standard of the accreditation agency or any provision of this
38 chapter.

39 (c) If an accreditation agency determines, as a result of its
40 inspection, that an outpatient setting is not in compliance with the

1 standards under which it was approved, the accreditation agency
2 may do any of the following:

3 (1) *Require correction of any identified deficiencies within a*
4 *set timeframe. Failure to comply shall result in the accrediting*
5 *agency issuing a reprimand or suspending or revoking the*
6 *outpatient setting's accreditation.*

7 ~~(1)~~

8 (2) Issue a reprimand.

9 ~~(2)~~

10 (3) Place the outpatient setting on probation, during which time
11 the setting shall successfully institute and complete a plan of
12 correction, approved by the board or the accreditation agency, to
13 correct the deficiencies.

14 ~~(3)~~

15 (4) Suspend or revoke the outpatient setting's certification of
16 accreditation.

17 (d) (1) Except as is otherwise provided in this subdivision,
18 before suspending or revoking a certificate of accreditation under
19 this chapter, the accreditation agency shall provide the outpatient
20 setting with notice of any deficiencies and the outpatient setting
21 shall agree with the accreditation agency on a plan of correction
22 that shall give the outpatient setting reasonable time to supply
23 information demonstrating compliance with the standards of the
24 accreditation agency in compliance with this chapter, as well as
25 the opportunity for a hearing on the matter upon the request of the
26 outpatient center. ~~During that allotted time, a list of deficiencies~~
27 ~~and the plan of correction shall be conspicuously posted in a clinic~~
28 ~~location accessible to public view. Within 10 days after the~~
29 ~~outpatient setting. During the allotted time to correct the~~
30 ~~deficiencies, the plan of correction, which includes the deficiencies,~~
31 ~~shall be conspicuously posted by the outpatient setting in a location~~
32 ~~accessible to public view. Within 10 days after the adoption of the~~
33 ~~plan of correction, the accrediting agency shall send a list of~~
34 ~~deficiencies and the corrective action to be taken to both the board~~
35 ~~and the department. The accreditation agency may immediately~~
36 ~~suspend the certificate of accreditation before providing notice~~
37 ~~and an opportunity to be heard, but only when failure to take the~~
38 ~~action may result in imminent danger to the health of an individual.~~
39 In such cases, the accreditation agency shall provide subsequent
40 notice and an opportunity to be heard.

1 (e) The department may enter and inspect an outpatient setting
2 upon receipt of a notice of corrective action or if it has reason to
3 believe that there may be risk to patient safety, health, or welfare.

4 (f) ~~An outpatient setting that does not comply with a corrective
5 action may be required by the department to pay similar penalties
6 assessed against a surgical clinic licensed pursuant to paragraph
7 (1) of subdivision (b) of Section 1204, and may have its license
8 suspended or revoked pursuant to Article 5 (commencing with
9 Section 1240) of Chapter 1.~~

10 (g) ~~If the licensee disputes a determination by the department
11 regarding the alleged deficiency, the alleged failure to correct a
12 deficiency, the reasonableness of the proposed deadline for
13 correction, or the amount of the penalty, the licensee may, within
14 10 days, request a hearing pursuant to Section 130171. Penalties
15 shall be paid when appeals have been exhausted and the
16 department's position has been upheld.~~

17 (h) ~~Moneys collected by the department as a result of
18 administrative penalties imposed under this section shall be
19 deposited into the Internal Departmental Quality Improvement
20 Account established pursuant to Section 1280.15. These moneys
21 shall be tracked and available for expenditure, upon appropriation
22 by the Legislature, to support internal departmental quality
23 improvement activities.~~

24 (i) ~~If, after an inspection authorized pursuant to this section, the
25 department finds a violation of a standard of the facility's
26 accrediting agency or any provision of this chapter or the
27 regulations promulgated thereunder, or if the facility fails to pay
28 a licensing fee or an administrative penalty assessed under this
29 chapter, the department may take any action pursuant to Article 5
30 (commencing with Section 1240) of Chapter 1 and shall report the
31 violation to the board and may recommend that accreditation be
32 revoked, canceled, or not renewed.~~

33 (j) ~~Reports on the results of any inspection conducted pursuant
34 to subdivision (a) shall be kept on file with the board or the
35 accreditation agency along with the plan of correction and the
36 outpatient setting comments. The inspection report may include a
37 recommendation for reinspection. All inspection reports, lists of
38 deficiencies, and plans of correction shall be public records open
39 to public inspection.~~

1 (2) *If an outpatient setting does not comply with a corrective*
2 *action within a timeframe specified by the accrediting agency, the*
3 *accrediting agency shall issue a reprimand, and may either place*
4 *the outpatient setting on probation or suspend or revoke the*
5 *accreditation of the outpatient setting, and shall notify the board*
6 *of its action. This section shall not be deemed to prohibit an*
7 *outpatient setting that is unable to correct the deficiencies, as*
8 *specified in the plan of correction, for reasons beyond its control,*
9 *from voluntarily surrendering its accreditation prior to initiation*
10 *of any suspension or revocation proceeding.*

11 ~~(k)~~
12 (e) *The accreditation agency shall, within 24 hours, report to*
13 *the board if the outpatient setting has been issued a reprimand or*
14 *if the outpatient setting's certification of accreditation has been*
15 *suspended or revoked or if the outpatient setting has been placed*
16 *on probation.*

17 (f) *The accreditation agency, upon receipt of a complaint from*
18 *the board that an outpatient setting poses an immediate risk to*
19 *public safety, shall inspect the outpatient setting and report its*
20 *findings of inspection to the board within five business days. If an*
21 *accreditation agency receives any other complaint from the board,*
22 *it shall investigate the outpatient setting and report its findings of*
23 *investigation to the board within 30 days.*

24 (g) *Reports on the results of any inspection shall be kept on file*
25 *with the board and the accreditation agency along with the plan*
26 *of correction and the comments of the outpatient setting. The*
27 *inspection report may include a recommendation for reinspection.*
28 *All inspection reports, lists of deficiencies, and plans of correction*
29 *shall be public records open to public inspection.*

30 ~~(h)~~
31 (h) *If one accrediting agency denies accreditation, or revokes*
32 *or suspends the accreditation of an outpatient setting, this action*
33 *shall apply to all other accrediting agencies. An outpatient setting*
34 *that is denied accreditation is permitted to reapply for*
35 *accreditation with the same accrediting agency. The outpatient*
36 *setting also may apply for accreditation from another accrediting*
37 *agency, but only if it discloses the full accreditation report of the*
38 *accrediting agency that denied accreditation. Any outpatient setting*
39 *that has been denied accreditation shall disclose the accreditation*

1 report to any other accrediting agency to which it submits an
2 application.

3 (i) If an outpatient setting's certification of accreditation has
4 been suspended or revoked, or if the accreditation has been denied,
5 the accreditation agency shall do all of the following:

6 (1) Notify the board of the action.

7 (2) Send a notification letter to the outpatient setting of the
8 action. The notification letter shall state that the setting is no longer
9 allowed to perform procedures that require outpatient setting
10 accreditation.

11 (3) Require the outpatient setting to remove its accreditation
12 certification and to post the notification letter in a conspicuous
13 location, accessible to public view.

14 (j) The board may take any appropriate action it deems
15 necessary pursuant to Section 1248.7 if an outpatient setting's
16 certification of accreditation has been suspended or revoked, or
17 if accreditation has been denied.

18 ~~SEC. 14.~~

19 ~~SEC. 7.~~ Section 1248.5 of the Health and Safety Code is
20 amended to read:

21 1248.5. The board shall evaluate the performance of an
22 approved accreditation agency no less than every three years, or
23 in response to complaints against an agency, or complaints against
24 one or more outpatient settings accreditation by an agency that
25 indicates noncompliance by the agency with the standards approved
26 by the board.

27 ~~SEC. 15.~~ ~~Section 1248.55 of the Health and Safety Code is~~
28 ~~amended to read:~~

29 ~~1248.55. (a) If the accreditation agency is not meeting the~~
30 ~~criteria set by the board, the board may terminate approval of the~~
31 ~~agency or may issue a citation to the agency in accordance with~~
32 ~~the system established under subdivision (b).~~

33 ~~(b) The board may establish, by regulation, a system for the~~
34 ~~issuance of a citation to an accreditation agency that is not meeting~~
35 ~~the criteria set by the board. This system shall meet the~~
36 ~~requirements of Section 125.9 of the Business and Professions~~
37 ~~Code, as applicable, except that both of the following shall apply:~~

38 ~~(1) Failure of an agency to pay an administrative fine assessed~~
39 ~~pursuant to a citation within 30 days of the date of the assessment,~~
40 ~~unless the citation is being appealed, may result in the board's~~

1 ~~termination of approval of the agency. Where a citation is not~~
2 ~~contested and a fine is not paid, the full amount of the assessed~~
3 ~~fine shall be added to the renewal fee established under Section~~
4 ~~1248.6. Approval of an agency shall not be renewed without~~
5 ~~payment of the renewal fee and fine.~~

6 ~~(2) Administrative fines collected pursuant to the system shall~~
7 ~~be deposited in the Outpatient Setting Fund of the Medical Board~~
8 ~~of California established under Section 1248.6.~~

9 ~~(c) Before terminating approval of an accreditation agency, the~~
10 ~~board shall provide the accreditation agency with notice of any~~
11 ~~deficiencies and reasonable time to supply information~~
12 ~~demonstrating compliance with the requirements of this chapter,~~
13 ~~as well as the opportunity for a hearing on the matter in compliance~~
14 ~~with Chapter 5 (commencing with Section 11500) of Part 1 of~~
15 ~~Division 3 of Title 2 of the Government Code.~~

16 ~~(d) (1) If approval of the accreditation agency is terminated by~~
17 ~~the board, outpatient settings accredited by that agency shall be~~
18 ~~notified by the board and, except as provided in paragraph (2),~~
19 ~~shall be authorized to continue to operate for a period of 12 months~~
20 ~~in order to seek accreditation through an approved accreditation~~
21 ~~agency, unless the time is extended by the board for good cause.~~

22 ~~(2) The board may require that an outpatient setting, that has~~
23 ~~been accredited by an accreditation agency whose approval has~~
24 ~~been terminated by the board, cease operations immediately if the~~
25 ~~board is in possession of information indicating that continued~~
26 ~~operation poses an imminent risk of harm to the health of an~~
27 ~~individual. In such cases, the board shall provide the outpatient~~
28 ~~setting with notice of its action, the reason underlying it, and a~~
29 ~~subsequent opportunity for a hearing on the matter. An outpatient~~
30 ~~setting that is ordered to cease operations under this paragraph~~
31 ~~may reapply for a certificate of accreditation after six months and~~
32 ~~shall notify the board promptly of its reapplication. The board shall~~
33 ~~notify the department of any action taken pursuant to this section~~
34 ~~for an outpatient setting. Upon cancellation, revocation,~~
35 ~~nonrenewal, or any other loss of accreditation, an outpatient~~
36 ~~setting's license shall be void by operation of law. Notwithstanding~~
37 ~~Sections 1241 and 131071, no proceedings shall be required to~~
38 ~~void the license of an outpatient setting.~~

39 ~~SEC. 16. Section 1279 of the Health and Safety Code is~~
40 ~~amended to read:~~

1 ~~1279. (a) Every health facility for which a license or special~~
2 ~~permit has been issued shall be periodically inspected by the~~
3 ~~department, or by another governmental entity under contract with~~
4 ~~the department. The frequency of inspections shall vary, depending~~
5 ~~upon the type and complexity of the health facility or special~~
6 ~~service to be inspected, unless otherwise specified by state or~~
7 ~~federal law or regulation. The inspection shall include participation~~
8 ~~by the California Medical Association consistent with the manner~~
9 ~~in which it participated in inspections, as provided in Section 1282~~
10 ~~prior to September 15, 1992.~~

11 ~~(b) Except as provided in subdivision (c), inspections shall be~~
12 ~~conducted no less than once every two years and as often as~~
13 ~~necessary to ensure the quality of care being provided.~~

14 ~~(c) For a health facility specified in subdivision (a), (b), or (f)~~
15 ~~of Section 1250, inspections shall be conducted no less than once~~
16 ~~every three years, and as often as necessary to ensure the quality~~
17 ~~of care being provided.~~

18 ~~(d) During the inspection, the representative or representatives~~
19 ~~shall offer such advice and assistance to the health facility as they~~
20 ~~deem appropriate.~~

21 ~~(e) For acute care hospitals of 100 beds or more, the inspection~~
22 ~~team shall include at least a physician, registered nurse, and persons~~
23 ~~experienced in hospital administration and sanitary inspections.~~
24 ~~During the inspection, the team shall offer advice and assistance~~
25 ~~to the hospital as it deems appropriate.~~

26 ~~(f) The department shall ensure that a periodic inspection~~
27 ~~conducted pursuant to this section is not announced in advance of~~
28 ~~the date of inspection. An inspection may be conducted jointly~~
29 ~~with inspections by entities specified in Section 1282. However,~~
30 ~~if the department conducts an inspection jointly with an entity~~
31 ~~specified in Section 1282 that provides notice in advance of the~~
32 ~~periodic inspection, the department shall conduct an additional~~
33 ~~periodic inspection that is not announced or noticed to the health~~
34 ~~facility.~~

35 ~~(g) Notwithstanding any other of law, the department shall~~
36 ~~inspect for compliance with provisions of state law and regulations~~
37 ~~during a state periodic inspection or at the same time as a federal~~
38 ~~periodic inspection, including, but not limited to, an inspection~~
39 ~~required under this section. If the department inspects for~~
40 ~~compliance with state law and regulations at the same time as a~~

1 federal periodic inspection, the inspection shall be done consistent
2 with the guidance of the federal Centers for Medicare and Medicaid
3 Services for the federal portion of the inspection.

4 (h) ~~The department shall emphasize consistency across the state
5 and in its district offices when conducting licensing and
6 certification surveys and complaint investigations, including the
7 selection of state or federal enforcement remedies in accordance
8 with Section 1423. The department may issue federal deficiencies
9 and recommend federal enforcement actions in those circumstances
10 where they provide more rigorous enforcement action.~~

11 (i) ~~It is the intent of the Legislature that the department, pursuant
12 to its existing regulations, inspect the peer review process utilized
13 by acute care hospitals as part of its periodic inspection of those
14 hospitals pursuant to this section.~~

15 *SEC. 8. Section 1248.7 of the Health and Safety Code is

19 With respect to any complaints, or upon discovery that an
20 outpatient setting is not in compliance with Section 1248.1, the
21 board or the local district attorney shall bring an action to enjoin
22 the outpatient setting's operation. The board or the local district
23 attorney may bring an action to enjoin a violation or threatened
24 violation of this chapter in the superior court in and for the county
25 in which the violation occurred or is about to occur. Any
26 proceeding under this section shall conform to the requirements
27 of Chapter 3 (commencing with Section 525) of Title 7 of Part 2
28 of the Code of Civil Procedure, except that the Division of Medical
29 Quality shall not be required to allege facts necessary to show or

32 ~~With~~

33 *(b) With respect to any and all actions brought pursuant to this
34 section alleging an actual or threatened violation of any

BILL STATUS: 2/10/2011- Referred to

SUBJECT: State government meetings:
teleconferencing

**RELATED
BILLS:**

SUMMARY

Existing law, The Bagley-Keene Open Meeting Act, set forth in Government Code Sections 11120-11132, applies to all state boards and commissions and generally requires these bodies to publicly notice their meetings, prepare agendas, accept public testimony and conduct their meetings in public unless specifically authorized by the Act to meet in closed session.

The Act provides for audio or audio and visual teleconference meetings for the benefit of the public body (Government Code Section 11123). When a teleconference meeting is held, each site from which a member of the body participates must be accessible to the public. All proceedings must be audible and votes must be taken by rollcall. All other provisions of the Act also apply to teleconference meetings. Government Code Section 11123 does not prevent the body from providing additional locations from which the public may observe the proceedings or address the state body by electronic means.

This bill makes the following changes to the provisions of the Bagley-Keene Open Meeting Act relating to teleconference meetings:

1. Deletes language from the Act that expressly does not prohibit a state body from holding an open or closed meeting by teleconference for the benefit of the public and instead authorizes a state body, to the extent practicable, to conduct teleconference meetings for the benefit of the public and the body.
2. Provides that, upon the request of a member of a state body, the body must hold an open or closed meeting by teleconference, unless the Chair of the body determines that it would be more costly to hold the meeting by teleconference than it would be to hold it in person.

3. Requires a state body that operates an Internet Web Site to provide a supplemental live audio or video web-broadcast of each of its meetings that are open to the public.
4. Stipulates that if a technical failure prevents the body from providing a live web-broadcast, that failure shall not constitute a violation of the Act if the body exercised reasonable diligence in providing the live broadcast.
5. Also, stipulates that failure to provide a live broadcast due to a technical failure shall not prohibit the body from meeting and taking actions as otherwise provided by law.

ANALYSIS

The Dental Board of California (Board) holds at least four meetings per year. The Board is required by statute, Business and Professions Code Section 1607, to hold one meeting in San Francisco and one meeting in Los Angeles each year. The Board currently holds teleconference meetings when legally and financially possible. The Board has also been web casting meetings and archiving the web cast on its web site.

AMENDED IN SENATE MARCH 1, 2011

SENATE BILL

No. 103

Introduced by Senator Liu

January 12, 2011

An act to amend Section 11123 of the Government Code, relating to state government.

LEGISLATIVE COUNSEL'S DIGEST

SB 103, as amended, Liu. State government: meetings.

Existing law authorizes a state body to conduct teleconference meetings.

This bill would authorize a state body, to the extent practicable, to conduct teleconference meetings.

This bill would require, upon the request of a member of a state body, a state body to hold an open or closed meeting by teleconference, unless the chair of that state body determines that it would be more costly to hold the meeting by teleconference than it would be to hold it in person.

This bill would require a state body that operates an Internet Web Site *site* to provide a supplemental live audio or video broadcast on the Internet Web site of its board meetings that are open to the public, and would specify that a technical failure to provide a live broadcast would not prohibit the board *body* from meeting and taking actions.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. The Legislature finds and declares the following:

1 (a) That teleconferencing is a green technology, allowing
2 organizations to mitigate energy use by dramatically reducing the
3 need to travel.

4 (b) By communicating over video or telephone, organizations
5 can also substantially reduce their carbon footprint by reducing
6 the need to travel via high-emission methods, such as flying or
7 driving.

8 (c) Teleconferencing saves money by reducing the number of
9 trips taken annually, and this monetary savings is multiplied by
10 the cost of transportation to and from the airport, the flight, per
11 diem expenses, salary of time lost in traveling, and other incidental
12 expenses of travel.

13 (d) The amount saved by teleconferencing greatly exceeds the
14 minimal cost of investing and implementing teleconferencing
15 solutions, such as the cost for new equipment, services, and
16 training.

17 (e) Therefore, it is the intent of the Legislature that state bodies,
18 to the extent possible, conduct teleconference meetings in order
19 to save the environment and save the state money.

20 SEC. 2. Section 11123 of the Government Code is amended
21 to read:

22 11123. (a) All meetings of a state body shall be open and

SUMMARY

Existing law, until January 1, 2012, provides for the Dental Board of California within the Department of Consumer Affairs. Existing law requires the membership of the board to consist of 8 practicing dentists, a registered dental hygienist, a registered dental assistant, and 4 public members. Existing law requires the Governor to appoint all of the members of the board, except that the Senate Committee on Rules and the Speaker of the Assembly each appoint a public member. Existing law, until January 1, 2012, allows the board, with the approval of the Director of Consumer Affairs, to appoint a person exempt from civil service as the executive officer of the board. Under existing law, boards scheduled for repeal are required to be evaluated by the Joint Sunset Review Committee.

This bill would extend the operation of those provisions until January 1, 2018, and instead specify that the board would be subject to review by the appropriate policy committees of the Legislature. The bill would change the membership of the board to include a new public member to be appointed by the Governor, and, on and after January 1, 2016, would delete the dental hygienist member and the dental assistant member and add 2 additional public members to the board, to be appointed by the Governor. The bill would make technical, conforming changes to related provisions. The bill would also create a Dental Assisting Council of the board to consider matters relating to dental assistants and make recommendations to the board, as specified. This bill contains other related provisions and other existing laws.

ANALYSIS

A complete copy of the bill and an analysis of the bill will be discussed on Friday, May 20, 2011 during Agenda Item 7.

BILL LOCATION: 5/2/11 – Senate Appropriations Committee

SUBJECT: Regulatory boards: expert consultants

SUMMARY

Existing law establishes standards relating to personal services contracts in state employment and authorizes their use under specified circumstances. Existing law specifies that the services contracted are not available within civil service and cannot be performed satisfactorily by civil service employees or are of such a highly and specialized or technical nature that the necessary expert knowledge, experience, and ability are not available through the state employment system. Existing law requires, under the State Contract Act, state agencies to meet certain conditions before entering into a consulting services contract (personal services contract).

This is an urgency measure that authorizes any board, within the Department of Consumer Affairs, the State Board of Chiropractic Examiners, and the Osteopathic Medical Board of California to enter into an agreement with an expert consultant to do any of the following:

- Provide an expert opinion on enforcement-related matters, including providing testimony at an administrative hearing.
- Assist the board as a subject matter expert in examination development, examination validation, or occupational analyses.
- Evaluate the mental or physical health of a licensee or an applicant for a license as may be necessary to protect the public health and safety.

The bill provides that an executed contract between a board and an expert consultant shall be exempt from the State Contract Act. The bill requires each board to establish policies and procedures for the selection and use of expert consultants.

ANALYSIS

This bill will enable the Board to continue to utilize essential subject matter experts without going through the lengthy formal contracting process for consulting services. The Board uses subject matter experts in enforcement matters, examination development, and evaluation of applicants and licensees. The utilization of these experts strengthens the Board's ability to provide better public protection. Without this bill, the formal contracting process will create a considerable backlog for both the Department of Consumer Affairs and the Board, and will significantly impact the timeframes for investigating complaints, developing examinations, and evaluating applicants and licensees. The Board may be required to promulgate regulations to establish policies and procedures for the selection and use of expert consultants. The regulatory process can take twelve to eighteen months to complete.

Dear Senator Price:

Thank you for introducing Senate Bill 541 as amended. The Dental Board of California (Board) supports this bill. These amendments will enable the Board to continue to utilize essential subject matter experts without going through the lengthy formal contracting process for consulting services.

No. 541

Introduced by Senator Price

February 17, 2011

An act to amend Sections 7000.5 and 7011 of add Section 40 to the Business and Professions Code, relating to ~~contractors profession and vocations, and declaring the urgency thereof, to take effect immediately.~~

LEGISLATIVE COUNSEL'S DIGEST

SB 541, as amended, Price. Contractors' State License ~~Board~~.
Regulatory boards: expert consultants.

Existing law provides for the licensure and regulation of various professions and vocations by boards within the Department of Consumer Affairs. Existing law, the Chiropractic Act, enacted by initiative, provides for the licensure and regulation of chiropractors by the State Board of Chiropractic Examiners. Existing law, the Osteopathic Act, requires the Osteopathic Medical Board of California to regulate osteopathic physicians and surgeons. Existing law generally requires applicants for a license to pass an examination and authorizes boards to take disciplinary action against licensees for violations of law. Existing law establishes standards relating to personal service contracts in state employment.

This bill would authorize these boards to enter into an agreement with an expert consultant, subject to the standards regarding personal service contracts described above, to provide enforcement and examination assistance. The bill would require each board to establish policies and procedures for the selection and use of these consultants.

This bill would declare that it is to take effect immediately as an urgency statute.

Existing law establishes within the Department of Consumer Affairs, until January 1, 2012, the Contractors' State License Board and a registrar of contractors, for purposes of the licensure and regulation of contractors. Under existing law, boards scheduled for repeal are required to be evaluated by the Joint Sunset Review Committee.

This bill would extend the operation of those provisions until January 1, 2016, and would specify that the board would be subject to review by the appropriate policy committees of the Legislature.

SUMMARY

Existing law provides for the licensure and regulation of profession and vocation licensees by various boards within the Department of Consumer Affairs. Within the department, there are healing arts boards and non-healing arts boards. The department is under the control of the Director of Consumer Affairs.

This bill would require cooperation between state agencies and all boards within the department when investigating a licensee, and would require a state agency to provide to the board all licensee records in the custody of the state agency. The bill would require all local and state law enforcement agencies, state and local governments, state agencies, licensed health care facilities, and any employers of any licensee to provide licensee records to any board within the department upon request by that board, and would make an additional requirement specific to the Department of Justice. By imposing additional duties on local agencies, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

3. Specifies that the fingerprint images applicants for licensure must submit shall be "electronic" (BPC § 1916(a))
4. Changes reference to code section regarding fingerprints from BPC §1628.5 to BPC §1943 (BPC § 1916(f))
5. Deletes requirement that the committee shall submit fingerprint images to the Department of Justice for background check (BPC § 1916(b))

6. Removes corresponding reference to DOJ charging fee to cover cost of processing fingerprint request (BPC § 1916(g))
7. Makes clarifying change specifying that a person must complete an application and pay all fees required by committee in order to be licensed (BPC §§ 1918 & 1922)

19. Changes specified references from § 1681 to § 1950.5 (BPC §§ 1962(b)(3), 1966.1)

ANALYSIS:

This is one of three omnibus bills authored by the Senate Business, Professions, and Economic Development Committee (Committee). This bill is specific to the healing arts boards within the Department of Consumer Affairs. It is the Committee's intent to consolidate a number of non-controversial provisions related to various regulatory programs and professions governed by the Business and Professions Code.

Consolidating the provisions in one bill is designed to relieve the various licensing boards, bureaus and professions from the necessity and burden of having separate measures for a number of non-controversial revisions.

The Committee analysis states that many of the provisions of this bill are minor, technical and updating changes, while other provisions are substantive changes intended to improve the ability of various licensing programs and other entities to efficiently and effectively administer their respective laws. However, as a Committee bill, if controversy or opposition should arise regarding any provision that cannot be resolved, then that provision will be removed from the bill to eliminate the chance of placing any of the other provisions in jeopardy.

Hygienists were licensed under the Committee on Dental Auxiliaries (COMDA) which was under the jurisdiction of the Dental Board of California. Senate Bill 853 (Perata, Chapter 31, Statutes of 2008) brought the hygienists under the jurisdiction of the Dental Hygiene Committee of California. The intent of the law was to create an autonomous Dental Hygiene Committee of California responsible for promulgating its own regulations, conduct and develop examinations, licensing and enforcement. This bill makes changes to include clarifying language, address licensee's responsibilities and requirements and enhance consumer protection.

This bill only amends sections of the Dental Practice Act that relate to the Dental Hygiene Committee of California. This bill does not amend or repeal Business and Professions Code § 1901 which states "There is hereby created within the jurisdiction of the Dental Board of California a Dental Hygiene Committee of California in which the administration of this article is vested."

Existing law provides for the licensure and regulation of various healing arts licensees by boards within the Department of Consumer Affairs.

(1) Existing law, the Dental Practice Act, provides for the licensure and regulation of registered dental hygienists, registered dental hygienists in alternative practice, and registered dental hygienists in extended functions by the Dental Hygiene Committee of California within the Dental Board of California.

Existing law requires applicants for licensure to provide fingerprint images for submission to governmental agencies, in order to, among other things, establish the identity of the applicant. Existing law requires the committee to submit these fingerprint images to the Department of Justice in order to obtain specified criminal offender record information.

This bill would delete that committee submittal requirement and would require applicants to submit electronic fingerprint images.

Existing law requires the committee to license as a registered dental hygienist in extended functions or a registered dental hygienist in alternative practice a person who meets certain educational, training, and examination requirements.

This bill would additionally require these applicants to complete an application and pay required application fees.

Under existing law, a licensee may have his or her license revoked or suspended, or may be reprimanded or placed on probation by the committee, for conviction of a crime substantially related to the licensee's qualifications, functions, or duties. Existing law authorizes the committee to order a license suspended or revoked or to decline to issue a license if certain procedural events occur.

This bill would additionally authorize the committee to reprimand a licensee or order a license placed on probation.

Under existing law, a licensee or health care facility that fails to comply with a specified request from the committee for a patient's dental hygiene records is subject to a \$250 per day civil penalty for each day that the records have not been produced, as specified.

This bill would additionally require licensees and health care facilities to comply with a request for a patient's dental records and would make them subject to a civil or administrative penalty or fine up to a maximum of \$250 per day for each day that the records have not been produced, as specified.

(2) Existing law, the Nursing Practice Act, provides for the licensure and regulation of registered nurses by the Board of Registered Nursing.

Existing law requires applicants for licensure as a registered nurse to meet certain educational requirements, to have completed specified courses of instruction, and to not be subject to denial of licensure under specified circumstances. Existing law authorizes applicants who have served on active duty in the medical corps in the United States Armed Forces to submit a record of specified training to the board for evaluation in order to satisfy the courses of instruction requirement. Under existing law, if the applicant satisfies the other general licensure requirements and if the board determines that both education and experience establish competency to practice registered nursing, the applicant shall be granted a license upon passing a certain examination.

This bill would limit that board determination to be based on education only.

(3) Under existing law, the Board of Behavioral Sciences is responsible for the licensure, registration, and regulation of, among others, marriage and family therapists, licensed clinical social workers, and licensed professional clinical counselors.

(A) Existing law, the Marriage and Family Therapist Act, provides for the licensure and regulation of marriage and family therapists and makes a violation of the act a crime. Existing law, with respect to marriage and family therapists and marriage and family therapist interns, requires an applicant to possess a doctoral or master's degree in any of various disciplines, including, but not limited to, marriage, family, and child counseling.

This bill would add couple and family therapy to that list of acceptable disciplines.

Existing law requires that degree to contain a specified number of units of instruction that includes practicum involving direct client contact of a specified number of hours of face-to-face experience counseling individuals, couples, families, or groups and authorizes a portion of those hours to be gained performing client centered advocacy, as defined.

This bill would revise and recast that requirement and would authorize that portion of hours to be gained performing either client centered advocacy or face-to-face experience counseling individuals, couples, families, or groups.

Existing law requires applicants for marriage and family therapy licensure to meet certain experience requirements prior to applying for licensure examinations.

This bill would make revisions to that experience requirement with respect to experience in direct supervisor contact and professional enrichment activities.

Existing law authorizes a licensed professional in private practice meeting certain requirements to supervise or employ no more than a total of 2 individuals registered as either a marriage and family therapist intern or associate clinical social worker.

This bill would authorize such a licensed professional to supervise or employ no more than a total of 3 individuals and would add clinical counsel interns to that list. Because the bill would change the definition of a crime, it would thereby impose a state-mandated local program.

Under existing law, a marriage and family therapy corporation may employ no more than a total of 2 individuals registered as either a marriage and family therapist intern or associate clinical social worker

for each employee. Existing law prohibits the corporation from employing more than 10 individuals registered as either a marriage and family therapist intern or associate clinical social worker.

This bill would authorize the corporation to employ no more than a total of 3 individuals and would add clinical counsel interns to that list. The bill would also authorize the corporation to employ no more than 15 registrants and would include clinical counsel interns.

(B) The Clinical Social Worker Practice Act provides for the licensure and regulation of social workers and makes a violation of the act a crime. Under existing law, qualified members of other professional groups may do work of a psychosocial nature consistent with the standards and ethics of their respective professions.

This bill would specify that licensed professional clinical counselors may do such work.

Existing law authorizes a licensee in private practice meeting certain requirements to supervise or employ no more than a total of 2 individuals registered as either a marriage and family therapist intern or associate clinical social worker.

This bill would authorize that licensed professional to supervise or employ no more than a total of 3 individuals and would add clinical counsel interns to that list.

Under existing law, a licensed clinical social workers' corporation may employ no more than a total of 2 individuals registered as either a marriage and family therapist intern or associate clinical social worker for each employee who has satisfied certain requirements. Existing law prohibits the corporation from employing more than 10 individuals registered as either a marriage and family therapist intern or associate clinical social worker.

This bill would authorize the corporation to employ no more than a total of 3 individuals and would add clinical counsel interns to that list. The bill would also authorize the corporation to employ no more than 15 registrants and would include clinical counsel interns.

By changing the definition of crimes, the bill would impose a state-mandated local program.

(C) Existing law, the Licensed Professional Clinical Counselor Act, provides for the licensure and regulation of professional clinical counselors and makes a violation of the act a crime. Existing law generally authorizes the board to take certain enforcement actions against licensees for a violation of the act.

This bill would authorize the board to deny any application, or to suspend or revoke any license or registration, for specified reasons.

The bill would also authorize a licensee in private practice meeting certain requirements to supervise or employ no more than a total of 3 individuals registered as a marriage and family therapist intern, clinical counselor intern, or associate clinical social worker. The bill would authorize professional clinical counselor corporation to employ no more than a total of 3 individuals registered as a marriage and family therapist intern, clinical counselor intern, or associate clinical social worker for each employee. The bill would prohibit the corporation from employing more than 15 individuals registered as a marriage and family therapist intern, clinical counselor intern, or associate clinical social worker. Because a violation of these requirements would constitute a crime, the bill would impose a state-mandated local program.

The bill would make other conforming and technical changes, including technical changes to the Psychology Licensing Law and the Pharmacy Law.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: yes.

2 compliance with the court order and during any related appeals.

8 civil penalty of up to one thousand dollars (\$1,000) per day for
9 each day that the documents have not been produced, up to ten
10 thousand dollars (\$10,000), after the date by which the court order
11 requires the documents to be produced, unless it is determined that
12 the order is unlawful or invalid. Any statute of limitations

23 shall be tolled during the period the health care facility is out of

- 25 (c) Multiple acts by a licensee in violation of subdivision (b)
26 shall be punishable by a fine not to exceed five thousand dollars
27 (\$5,000) or by imprisonment in a county jail not exceeding six
28 months, or by both that fine and imprisonment. Multiple acts by

30 punishable by a fine not to exceed five thousand dollars (\$5,000)
31 and shall be reported to the State Department of Public Health and
32 shall be considered as grounds for disciplinary action with respect
33 to licensure, including suspension or revocation of the license or
34 *certificate permit*.
- 35 (d) A failure or refusal to comply with a court order issued in
36 the enforcement of a subpoena mandating the release of records
37 to the committee constitutes unprofessional conduct and is grounds
38 for suspension or revocation of his or her license.
- 39 (e) Imposition of the civil or *administrative* penalties authorized

2 Division 3 of Title 2 of the Government Code).

38 is amended to read:

39 1962. (a) An association, partnership, corporation, or group

27 shall be conclusive evidence of that action.

28 SEC. 29. Section 4992.3 of the Business and Professions Code
29 is amended to read:

8 decline to issue a license or registration when the time for appeal
9 has elapsed, or the judgment of conviction has been affirmed on
10 appeal, or, when an order granting probation is made suspending

14 verdict of guilty, or dismissing the accusation, information, or
15 indictment.

16 (b) Securing a license or registration by fraud, deceit, or
17 misrepresentation on any application for licensure or registration
18 submitted to the board, whether engaged in by an applicant for a
19 license or registration, or by a licensee in support of any application
20 for licensure or registration.

21 (c) Administering to himself or herself any controlled substance
22 or using any of the dangerous drugs specified in Section 4022 or
23 any alcoholic beverage to the extent, or in a manner, as to be
24 dangerous or injurious to the person applying for a registration or
