1638.1.

(a) (1) A person licensed pursuant to Section 1634 who wishes to perform elective facial cosmetic surgery shall first apply for and receive a permit to perform elective facial cosmetic surgery from the board.

(2) A permit issued pursuant to this section shall be valid for a period of two years and must be renewed by the permitholder at the time his or her license is renewed. Every six years, prior to renewal of the permitholder's license and permit, the permitholder shall submit evidence acceptable to the credentialing committee that he or she has maintained continued competence to perform the procedures authorized by the permit. The credentialing committee may limit a permit consistent with paragraph (1) of subdivision (e) if it is not satisfied that the permitholder has established continued competence.

(b) The board may adopt regulations for the issuance of the permit that it deems necessary to protect the health, safety, and welfare of the public.

(c) A licensee may obtain a permit to perform elective facial cosmetic surgery by furnishing all of the following information on an application form approved by the board:

(1) Proof of successful completion of an oral and maxillofacial surgery residency program accredited by the Commission on Dental Accreditation of the American Dental Association.

(2) Proof that the applicant has satisfied the criteria specified in either subparagraph (A) or (B):

(A) (i) Is certified, or is a candidate for certification, by the American Board of Oral and Maxillofacial Surgery.

(ii) Submits to the board a letter from the program director of the accredited residency program, or from the director of a postresidency fellowship program accredited by the Commission on Dental Accreditation of the American Dental Association, stating that the licensee has the education, training, and competence necessary to perform the surgical procedures that the licensee has notified the board he or she intends to perform.

(iii) Submits documentation to the board of at least 10 operative reports from residency training or proctored procedures that are representative of procedures that the licensee intends to perform from both of the following categories:

(I) Cosmetic contouring of the osteocartilaginous facial structure, which may include, but is not limited to, rhinoplasty and otoplasty.

(II) Cosmetic soft tissue contouring or rejuvenation, which may include, but is not limited to, facelift, blepharoplasty, facial skin resurfacing, or lip augmentation.

(e) (1) The board shall appoint a credentialing committee to review the qualifications of each applicant for a permit. Upon completion of the review of an applicant, the committee shall make a recommendation to the board on whether to issue or not issue a permit to the

applicant. The permit may be unqualified, entitling the permitholder to perform any facial cosmetic surgical procedure authorized by this section, or it may contain limitations if the credentialing committee is not satisfied that the applicant has the training or competence to perform certain classes of procedures, or if the applicant has not requested to be permitted for all procedures authorized by this section.

Two years after the effective date of this section, any oral and maxillofacial surgeon appointed to the committee who is not licensed as a physician and surgeon shall hold a permit pursuant to this section.

(j) Any violation of this section constitutes unprofessional conduct and is grounds for the revocation or suspension of the person's permit, license, or both, or the person may be reprimanded or placed on probation. Proceedings initiated by the board under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.
