

**TITLE 16. DENTAL BOARD OF CALIFORNIA  
DEPARTMENT OF CONSUMER AFFAIRS**

**NOTICE OF PROPOSED CHANGES**

**NOTICE IS HEREBY GIVEN** that the Dental Board of California (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at:

**Department of Consumer Affairs  
2005 Evergreen Street, 1<sup>st</sup> Floor Hearing Room  
Sacramento, California 95815  
Tuesday, April 7, 2015  
10:00 a.m.**

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office not later than 5:00 p.m. on Monday, April 6, 2014 or must be received by the Board at the hearing. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

**AUTHORITY AND REFERENCE:**

Pursuant to the authority vested by Section 1614 of the Business and Professions Code, to implement, interpret or make specific 1670 of the Business and Professions Code, and Sections 11500 through 11528 of the Government Code, the Board is considering changes to Division 10 of Title 16 of the California Code of Regulations as follows:

**INFORMATIVE DIGEST/ POLICY STATEMENT OVERVIEW:**

The Board currently regulates approximately 102,000 licensees; consisting of approximately 45,600 dentists (DDS), approximately 54,700 registered dental assistants (RDA), and 1,700 registered dental assistants in extended functions (RDAEF). In addition, the Board has the responsibility for setting the duties and functions of approximately 50,000 unlicensed dental assistants. The Board's highest priority is the protection of the public when exercising its licensing, regulatory, and disciplinary functions. The primary methods by which the Board achieves this goal are: issuing licenses to eligible applicants; investigating complaints against licensees and disciplining licensees for violations of the Dental Practice Act (Act); monitoring licensees whose licenses have been placed on probation; and managing the Diversion Program

for licensees whose practice may be impaired due to abuse of dangerous drugs or alcohol.

Pursuant to Business and Professions Code (BPC) Section 1614, the Board is authorized to adopt, amend, or repeal such rules and regulations as may be reasonably necessary to enable the Board to carry into effect the provisions of the Dental Practice Act.

The main purpose of this proposal is to amend California Code of Regulations, Title 16, Section 1001 to delegate to the Board's Executive Officer the authority to approve settlement agreements for the revocation, surrender, or interim suspension of a license without requiring the Board to vote to adopt the settlement.

**ANTICIPATED BENEFITS:**

The benefit from these proposed regulations will be to provide efficient protection to the California consumers against licensees who are found to be in violation of the laws or the Dental Practice Act and whose license may be revoked, surrendered, or suspended as a result of a settlement agreement approved by the Board's Executive Officer. These benefits are a direct result of the Board's statutorily mandated priority (BPC Section 1601.2). The protection of the public is the highest priority of the Board in exercising licensing, regulatory, and disciplinary functions. This proposal will ensure that individuals who have violated the laws relating to the practice of dentistry will be effectively and efficiently disciplined in a manner that will protect the public.

**CONSISTENCY & COMPATIBILITY WITH EXISTING STATE REGULATIONS:**

After conducting a review for any regulations that would relate to or affect this area, the Board has evaluated this regulatory proposal and it is not inconsistent or incompatible with existing state regulations. The Board is the only state entity that regulates the practice of dentistry through a licensure process in the interest of public protection; therefore, the Board is the only entity that may delegate authority to the Board's Executive Officer to approve a settlement agreement for the revocation, surrender, or interim suspension of a license without requiring the Board to vote to adopt the settlement.

**FISCAL IMPACT ESTIMATES**

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Sections 17500 - 17630 Require Reimbursement: None

Business Impact:

The Board has made the initial determination that the proposed regulation would not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The Board has determined that only the following types of businesses may be affected by the proposal:

- Businesses owned by licensees of the Board who face disciplinary action due to violations of the Dental Practice Act that would warrant revocation, surrender, or interim suspension of licensure.
- Businesses that employ licensees of the Board who face disciplinary action due to violations of the Dental Practice Act that would warrant revocation, surrender, or interim suspension of licensure.

A business owned by a licensee whose license is revoked, surrendered, or suspended may incur a significant fiscal impact. Businesses that employ a licensee whose license is revoked, surrendered, or suspended may incur a significant fiscal impact. The Board does not maintain data relating to the number or percentage of licensees who own a business; therefore, the number or percentage of businesses that may be impacted cannot be predicted. The Board only has authority to take administrative action against a license and not a business. Accordingly, the initial or ongoing costs for a small business owned by a licensee who is the subject of revocation, surrender, or interim suspension order cannot be projected. Businesses operated by licensees who are in compliance with the law will not incur any fiscal impact.

The Board has not considered proposed alternatives that would lessen any adverse economic impact on businesses and invites you to submit such proposals. Submissions may include the following considerations:

- (A) The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to businesses.
- (B) Consolidation or simplification of compliance and reporting requirements for businesses.
- (C) The use of performance standards rather than prescriptive standards.
- (D) Exemption or partial exemption from the regulatory requirements for businesses.

The rulemaking file includes the facts, evidence, documents, testimony, and/or other evidence which supports this determination.

Cost Impact on Representative Private Person or Business:

The cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action and that are known to the Board are:

➤ Impact on Licensees Whose License is Revoked:

The Board currently regulates approximately 102,000 licensees; consisting of approximately 45,600 dentists (DDS), approximately 54,700 registered dental assistants (RDA), and 1,700 registered dental assistants in extended functions (RDAEF). The average salary of a DDS in California is approximately \$150,000 per year and the annual salary of a RDA in California is approximately \$35,000 per year.

This proposal would impact individual licensees of the Board whose license is the subject of the revocation, surrender, or interim suspension order as a result of committing a violation of the Dental Practice Act. Revocation, surrender, or interim suspension of a license means that the individual would no longer be able to legally practice which would result in a loss of income earned by an individual when the license was valid. Licensees who are in compliance with the law will not incur any fiscal impact.

Effect on Housing Costs: None

**EFFECT ON SMALL BUSINESS**

The Board has determined that the proposed regulations would not affect small businesses.

A small business owned by a licensee whose license is revoked, surrendered, or suspended may incur a significant fiscal impact. Small businesses that employ a licensee whose license is revoked, surrendered, or suspended may incur a significant fiscal impact. The Board does not maintain data relating to the number or percentage of licensees who own a small business; therefore, the number or percentage of small businesses that may be impacted cannot be predicted. The Board only has authority to take administrative action against a license and not a small business. Accordingly, the initial or ongoing costs for a small business owned by a licensee who is the subject of revocation, surrender, or interim suspension order cannot be projected. Small businesses operated by licensees who are in compliance with the law will not incur any fiscal impact.

**RESULTS OF ECONOMIC IMPACT ASSESSMENT/ANALYSIS:**

Impact on Jobs/Businesses:

The Board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

This determination was made because the proposed changes are not sufficient to create or eliminate jobs or businesses.

The Board has determined that this regulatory proposal will have the following benefits to the health and welfare of California residents, worker safety, and state's environment:

The benefit from these proposed regulations will be to provide efficient protection to the California consumers against licensees who are found to be in violation of the laws or the Dental Practice Act and whose license may be revoked, surrendered, or suspended as a result of a settlement agreement approved by the Board's Executive Officer. These benefits are a direct result of the Board's statutorily mandated priority (BPC Section 1601.2). The protection of the public is the highest priority of the Board in exercising licensing, regulatory, and disciplinary functions. This proposal will ensure that individuals who have violated the laws relating to the practice of dentistry will be effectively and efficiently disciplined in a manner that will protect the public.

This regulatory proposal does not affect worker safety because this proposal is not relative to worker safety.

This regulatory proposal does not affect the state's environment because this proposal is not relevant to the state's environment.

### **CONSIDERATION OF ALTERNATIVES**

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

### **INITIAL STATEMENT OF REASONS AND INFORMATION**

The Board has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

### **TEXT OF PROPOSAL**

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the Board at 2005 Evergreen

Street, Suite 1550, Sacramento, California 95815 or by accessing the Board's website at <http://www.dbc.ca.gov/lawsregs/index.shtml>.

**AVAILABILITY AND LOCATION OF THE FINAL STATEMENT OF REASONS AND RULEMAKING FILE**

All the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public inspection by contacting the person named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or by accessing the website listed below.

**CONTACT PERSON**

Inquiries or comments concerning the proposed rulemaking action may be addressed to:

Name: Michael Placencia, Legislative & Regulatory Analyst  
Dental Board of California  
Address: 2005 Evergreen Street, Suite 1550  
Sacramento, CA 95815  
Telephone No.: (916) 263-2027  
Fax No.: (916) 263-2140  
E-Mail Address: Michael.Placencia@dca.ca.gov

The backup contact person is:

Name: Sarah E. Wallace, Assistant Executive Officer  
Dental Board of California  
Address: 2005 Evergreen Street, Suite 1550  
Sacramento, CA 95815
