

### **1634.1.**

Notwithstanding Section 1634, the board may grant a license to practice dentistry to an applicant who submits all of the following to the board:

(a) A completed application form and all fees required by the board.

(b) Satisfactory evidence of having graduated from a dental school approved by a national accrediting body approved by the board or by the Commission on Dental Accreditation of the American Dental Association.

(c) Satisfactory evidence of having completed a clinically based advanced education program in general dentistry or an advanced education program in general practice residency that is, at minimum, one year in duration and is accredited by either the Commission on Dental Accreditation of the American Dental Association or a national accrediting body approved by the board. The advanced education program shall include a certification of clinical residency program completion approved by the board, to be completed upon the resident's successful completion of the program in order to evaluate the resident's competence to practice dentistry in the state. The certification shall be within two years prior to the date of the resident's application for a license under this section. Completion of the program shall be within two years prior to the date of their application for a license under this section.

(d) Satisfactory evidence of having successfully completed the written examination of the National Board Dental Examination of the Joint Commission on National Dental Examinations.

(e) Satisfactory evidence of having successfully completed an examination in California law and ethics.

(f) Proof that the applicant has not failed a state, regional, or national examination for licensure to practice dentistry under this chapter within five years prior to the date of the application for a license under this chapter. If the applicant subsequently passed the examination for licensure, the prior failure shall not make the applicant ineligible under this subdivision.
