

GA/CS On-site Inspection Evaluator Recruitment

The Dental Board of California (DBC) is actively recruiting on-site inspection evaluators to participate as subject matter experts (SMEs) for the General Anesthesia (GA) and Conscious Sedation (CS) programs. As an evaluator for the Board, you will be contacted when there is a need in your area. You will be assigned to evaluate permit holders as they sedate a patient for a dental procedure, inspect the dental facilities/equipment, ensure that medical history and physical evaluation records are properly maintained, and evaluate the permit holder's and his or her operating team's knowledge of and a method of treatment in the simulated emergencies specified in Section 1043.4(c) of the California Code of Regulations (CCR). Schedules are flexible, as you will determine how often you wish to participate in an evaluation.

Those who wish to become evaluators for the DBC shall meet the following:

1. Hold a valid general anesthesia or conscious sedation permit in good standing issued by the DBC
2. Each evaluator must have utilized general anesthesia or conscious sedation *in a dental practice setting for a minimum of 3 years*

If you are interested in serving as an evaluator, contact Jessica Olney by calling (916) 263-2373, by fax at (916) 274-5970, or by email at jessica.olney@dca.ca.gov. A packet will be mailed to you in order to complete the following:

1. Complete a GA/CS Evaluator Calibration Training course;
2. Submit a completed GA/CS Evaluator Calibration Training course quiz

Continuing Education and Honoraria

The Board pays a \$250 honorarium to SMEs who participate in the on-site inspection and evaluations. Participants will also receive two (2) units of continuing education (CE). CE units earned from participation in Dental Board events may be claimed toward 20% of the total units required for license renewal. Original CE certificates are subject to Board audit and should be retained by the licensee for a period of four years. Completion of these workshops does not constitute authorization for the attendee to perform any services that he or she is not legally authorized to perform based on his or her license or permit type.
