Notice for General Anesthesia Permit Applicants Seeking Pediatric Endorsement or Renewal of Endorsement:

All applicants must meet the patient monitoring and staff qualification requirements listed in Section 1646.1 of the Business and Professions Code.

Each applicant must provide proof of at least 20 cases of deep sedation or general anesthesia to patients under seven years of age **in the 24-month time period directly preceding application** for a pediatric endorsement to establish competency, both at the time of initial application and at renewal. The applicant or permitholder shall maintain and be able to provide proof of these cases upon request by the board for up to three permit renewal periods.

Applicants for a pediatric endorsement who otherwise qualify for the pediatric endorsement but lack sufficient cases of pediatric sedation to patients under seven years of age may administer deep sedation and general anesthesia to patients under seven years of age under the direct supervision of a general anesthesia permitholder with a pediatric endorsement. The applicant may count these cases toward the 20 cases required to qualify for the applicant's pediatric endorsement. (Business and Professions Code section 1646.2.)

Notice for Moderate Sedation Permit Applicants Seeking Pediatric Endorsement or Renewal of Endorsement:

All applicants must meet the patient monitoring and staff qualification requirements listed in Section 1647.2 of the Business and Professions Code.

Each applicant must provide proof of successful completion of at least 20 cases of moderate sedation to patients under thirteen years of age to establish competency in pediatric moderate sedation, both at the time of the initial application and at renewal. The applicant or permitholder shall maintain and shall provide proof of these cases upon request by the board for up to three permit renewal periods.

In order to provide moderate sedation to children under seven years of age, a dentist shall establish and maintain current competency for this pediatric population by completing at least 20 cases of moderate sedation for children under seven years of age **in the 24-month period immediately preceding application** for the pediatric endorsement and for each permit renewal period.

Applicants for a pediatric endorsement who otherwise qualify for the pediatric endorsement but lack sufficient cases of moderate sedation to patients under thirteen years of age may administer moderate sedation to patients under thirteen years of age under the direct supervision of a general anesthesia or moderate sedation permitholder with a pediatric endorsement. The applicant may count these cases toward the 20 required in order to qualify for the applicant's pediatric endorsement.

Moderate sedation permit holders with a pediatric endorsement seeking to provide moderate sedation to children under seven years of age, but who lack sufficient cases of moderate sedation to patients under seven years of age pursuant to paragraph (3) of subdivision (d), may administer moderate sedation to patients under seven years of age under the direct supervision of a permitholder who meets those qualifications. (Business and Professions Code section 1647.3.)
