Assembly Bill No. 1524

CHAPTER 446

An act to amend Sections 1630 and 1632 of, to add Sections 1632.1 and 1632.6 to, and to repeal Section 1631 of, the Business and Professions Code, relating to dentistry.

[Approved by Governor September 29, 2010. Filed with Secretary of State September 29, 2010.]

LEGISLATIVE COUNSEL’S DIGEST

AB 1524, Hayashi. Dentistry: examination requirements.

The Dental Practice Act provides for the licensure and regulation of dentists and associated professions by the Dental Board of California within the Department of Consumer Affairs. Existing law requires an applicant for a license to practice dentistry to complete various examinations, including the National Board Dental Examination, an examination in California law and ethics developed by the board, and a clinical and written examination administered either by the board or the Western Regional Examining Board. Existing law prescribes the maximum amount of fees to be charged for examination, licensure, and renewal, for deposit into the State Dentistry Fund.

This bill would abolish the clinical and written examination administered by the board. The bill would instead replace that examination with a portfolio examination of an applicant’s competence to enter the practice of dentistry, which would be conducted while the applicant is enrolled in a dental school program at a board-approved dental school. The bill would require this examination to utilize uniform standards of clinical experiences and competencies, as approved by the board. At the end of that dental school program, the bill would then require the passage of a final assessment of the applicant’s portfolio, subject to certification by his or her dean and payment of a $350 fee. Under the bill, the portfolio examination would not be conducted until the board adopts regulations to implement the portfolio examination. The bill would require the board to provide specified notice on its Internet Web site and to the Legislature and the Legislative Counsel when these regulations have been adopted by the board. The bill would require the board to oversee the portfolio examination and final assessment process, and would require the board to biennially review each dental school with regard to the standardization of the portfolio examination. The bill would also set forth specified examination standards.

The bill would also, as part of the ongoing implementation of the portfolio examination, require the board, by December 1, 2016, to review the examination to ensure compliance with certain requirements applicable to all board examinations under the department’s jurisdiction. The bill would
provide that the examination shall cease to be an option for applicants if the board determines the examination fails to meet those requirements. The bill would require the board to submit its review and certification or determination to the Legislature and the department, by December 1, 2016.

The people of the State of California do enact as follows:

SECTION 1. Section 1630 of the Business and Professions Code is amended to read:

1630. The examination of applicants for a license to practice dentistry in this state, as described in Section 1632, shall be sufficiently thorough to test the fitness of the applicant to practice dentistry, and both questions and answers shall be written in the English language.

SEC. 2. Section 1631 of the Business and Professions Code is repealed.

SEC. 3. Section 1632 of the Business and Professions Code is amended to read:

1632. (a) The board shall require each applicant to successfully complete the Part I and Part II written examinations of the National Board Dental Examination of the Joint Commission on National Dental Examinations.

(b) The board shall require each applicant to successfully complete an examination in California law and ethics developed and administered by the board. The board shall provide a separate application for this examination. Applicants shall submit this application and required fee to the board in order to take this examination. In addition to the aforementioned application, the only other requirement for taking this examination shall be certification from the dean of the qualifying dental school attended by the applicant that the applicant has graduated, or will graduate, or is expected to graduate. Applicants who submit completed applications and certification from the dean at least 15 days prior to a scheduled examination shall be scheduled to take the examination. Successful results of the examination shall, as established by board regulation, remain valid for two years from the date that the applicant is notified of having passed the examination.

(c) Except as otherwise provided in Section 1632.5, the board shall require each applicant to have taken and received a passing score on one of the following:

(1) A portfolio examination of the applicant’s competence to enter the practice of dentistry. This examination shall be conducted while the applicant is enrolled in a dental school program at a board-approved school located in California. This examination shall utilize uniform standards of clinical experiences and competencies, as approved by the board pursuant to Section 1632.1. The applicant shall pass a final assessment of the submitted portfolio at the end of his or her dental school program. Before any portfolio assessment may be submitted to the board, the applicant shall remit to the board a three hundred fifty dollar ($350) fee, to be deposited into the State Dentistry Fund, and a letter of good standing signed by the dean of his or
her dental school or his or her delegate stating that the applicant has
graduated or will graduate with no pending ethical issues.

(A) The portfolio examination shall not be conducted until the board
adopts regulations to carry out this paragraph. The board shall post notice
on its Internet Web site when these regulations have been adopted.

(B) The board shall also provide written notice to the Legislature and
the Legislative Counsel when these regulations have been adopted.

(2) A clinical and written examination administered by the Western
Regional Examining Board, which board shall determine the passing score
for that examination.

(d) Notwithstanding subdivision (b) of Section 1628, the board is
authorized to do either of the following:

(1) Approve an application for examination from, and to examine an
applicant who is enrolled in, but has not yet graduated from, a reputable
dental school approved by the board.

(2) Accept the results of an examination described in paragraph (2) of
subdivision (c) submitted by an applicant who was enrolled in, but had not
graduated from, a reputable dental school approved by the board at the time
the examination was administered.

In either case, the board shall require the dean of that school or his or her
delegate to furnish satisfactory proof that the applicant will graduate within
one year of the date the examination was administered or as provided in
paragraph (1) of subdivision (c).

SEC. 4. Section 1632.1 is added to the Business and Professions Code,
to read:

1632.1. (a) With regard to the portfolio examination specified in
paragraph (1) of subdivision (c) of Section 1632, the board shall
independently monitor and audit the standardization and calibration of dental
school competency instructors at least biennially to ensure standardization
and an acceptable level of calibration in the grading of the examination.
Each dental school's competency examinations shall be audited biennially
by the board.

(b) The board shall oversee all aspects of the portfolio examination
process specified in paragraph (1) of subdivision (c) of Section 1632 and
under this section, but shall not interfere with the dental school authority to
establish and deliver an accredited curriculum. The board shall determine
an end-of-year deadline, in consultation with the current board-approved
dental schools, to determine when the portfolio examinations shall be
completed and submitted to the board for review by the board's examiners.

(c) The board, in consultation with the current board-approved dental
schools, shall approve portfolio examination competencies and the minimum
number of clinical experiences required for successful completion of the
portfolio examination.

(d) The board shall require and verify successful completion of
competency examinations that were performed on a patient of record of a
board-approved dental school, including, but not limited to, the following:

(1) Comprehensive oral diagnosis and treatment planning.
(2) Periodontics.
(3) Direct restorations.
(4) Indirect restorations.
(5) Removable prosthodontics.
(6) Endodontics.

SEC. 5. Section 1632.6 is added to the Business and Professions Code, to read:

1632.6. (a) As part of the ongoing implementation of paragraph (1) of subdivision (c) of Section 1632, the board shall review the portfolio examination to ensure compliance with the requirements of Section 139 and to certify that the portfolio examination process meets those requirements. If the board determines that the portfolio examination fails to meet those requirements, paragraph (1) of subdivision (c) of Section 1632 shall cease to be implemented and the portfolio examination will no longer be an option for applicants. The board’s review and certification or determination shall be completed and submitted to the Legislature and the department by December 1, 2016.

(b) A report to the Legislature pursuant to this section shall be submitted in compliance with Section 9795 of the Government Code.

(c) This section shall become inoperative on December 1, 2020, pursuant to Section 10231.5 of the Government Code.
